## If you're sick of lies—think Fair Vote Canada

To the Editor,

I hear many people say "I'm not voting - I don't trust politicians"

Well, if you really want

to fight back then you will vote so that we can retain democracy in our country of Canada. Why don't you take a look at the Federal Chris-

tian Heritage Party. Give them a call at 1-888-VOTE-CHP to get more information and you can also join Fair Vote Canada to support a fair voting system based on principle of proportional representation which means if a party gets 40% of the votes, they get 40% of the votes, Call 416-410-4034. But don't give up your vote. Make it count.

If you are sick of the lies, then look to a party such as CHP that will seek integrity and truth and vote for them. Please don't give up your privilege to vote or someday we will lose our right to vote democratically. Everyone, and especially young men and women, we need you to care enough to step out and vote for a party that will promote those things which are honest and healthy for family life.

You are the future of Canada. Call these numbers, seek and you'll find and make your vote count to improve this country. One well remembered quote by President Kennedy is "Ask not what your country can do for you, but what you can do for your country."

## Regional Chmn. says thanks to physicians

To the Editor,

On behalf of Halton Region, I am writing to express our community's gratitude to the many skilled and dedicated physicians who have

chosen to make Halton home to their practices.

As I reflect on Halton Physician Appreciation Week (May 17 to 23), I am proud that the Region, in partnership with our local municipalities and hospitals, was able to thank our physicians for their valuable contributions to the health of Halton residents.

At a time when Ontario is plagued by physician shortages, it is critical that we recognize Halton's physicians for the excellent care they provide, and their efforts toward building a healthy community.

It is my hope that through the continued success of our Physician Recruitment Program we will have even more physicians to appreciate next year!

*Sincerely,  
Joyce Savoline,  
Halton Regional  
Chairman*

## Look at principles -then vote

Dear reader,

Well, the voting race is on again. One writes that it must be NDP. Another is for the Liberals and yet another for the Conservatives. When small parties are not recognized I hear a lot of people say that they are not going to vote at all.

You hear little from the Green Party or the Christian Heritage Party - they have to pay from their own pockets to get the message out. Only Hartley Coles mentioned the Christian Heritage Party, as the "social conscience" of the election.

Wake up Canada before there is no return again. Don't you see the moral values going down the drain? It seems too that we have become callous and think only, "What can we get?" That phenomenon goes all around the world. Where are we heading?

## St. Joseph school student wins coveted Visions Canada award

Amy Briery, a grade 6 student at St. Joseph School Acton, was one of about 30 Halton students from kindergarten to grade 12 who received 2004 Visions Canada Award. Amy won for her poem, A Hero's Wish, Mrs. Kingsmill is her teacher.

The awards are recognized for outstanding projects about Canada. They were on display at the Halton Region Museum last Monday, June 7. A ceremony and reception followed in the evening.

A committee from each Halton School Board elects the award-winning projects, which can be of an artistic or academic nature in either of Canada's official languages, and are

assessed on their clarity of expression, creativity, depth, relevance to Canada and independence of student work.

Visions Canada began

over two decades ago thanks to the late Catherine McMartin, a Halton teacher, who left an endowment for Halton school students.
