## Student council president says MSB years changed their lives

Dear All Grade 8 Graduates at McKenzie-Smith Bennett,

From the day we entered the doors of MSB, we all knew that middle school would be an experience to last a lifetime. Little did we think it would change our lives in so many different ways, from the way we play, to the way we dress, we all did change.

During our time here, we have all watched each other grow in our mind, body, spirit and maturity. Of course, we thought it would be so hard dealing with the work load and the job to meet new people and cope with our teachers. But we realized it could be easily accomplished with hard work, team spirit, confidence and initiative just like the awards given out during good news assemblies.

We all couldn't wait to do the fun things provided in our school such as sports teams, student council, art club, year book, intramurals, office helpers, chess clubs and the list goes on!

How could we actually know that being involved with clubs and teams like this could make our years here so much easier? Well, I guess we never do really know until we try.

During our time here we have so many people to thank. Just to begin, we all could say thank you to our parents, for giving us a chance to live life to the fullest and to give us the freedom to live as individuals. But what about the people whom you spend time with while you're not with your parents? Yes, I mean school, and by that I mean teachers and friends.

We all dreaded the thought of being in school for eight hours a day but how bad can it be when we have come so far? Without our teachers, how could we learn all our English, math, geography and so forth? And without our friends we couldn't go through our days here, they do truly make it a LOT easier and enjoyable to be at school.

No matter what type of group of friends you're in, or what your style is, in one way or another we will all remember the moments here at MSB. And just think of this. We do not remember days... but we will always remember moments.

Congratulations graduates of Class03/04. We did it!

Beth-Anne Maxwell,  
Student Council President 03/04
