Dead crows test WNV positive - one found south of Acton

Two dead crows were reported to the Halton Region Health Department recently that have both tested positive for West Nile virus (WNV), bringing Halton's total to five.

One crow was found near the intersection of Fairview Street and the QEW in Burlington. The other was found in rural Milton, south of Acton.

Maps showing the locations of positive birds, as well as standing water sites and catch basins larvicided are available on the Health Department's website at www.region.halton.on.ca/health.

"Through the Health Department's surveillance program, we're beginning to see more West Nile virus activity in Halton," said Dr. Bob Nosal, Medical Officer of Health for the Halton Region Health Department.

Although there have been no human cases of WNV in Ontario yet this season, the Health Department is advising residents to protect themselves from mosquito bites. The following are steps that residents can take.

- Avoid areas with high mosquito populations.

- Wear light-coloured clothing, including long sleeves, pants and a hat, to cover exposed skin when outdoors in the evening or early morning.

- Use a mosquito repellent approved by Canada's Pest Management Regulatory Agency.

- Make sure all windows and doors in your home have screens that are in good condition.

- Take extra precaution from dusk to dawn when mosquito activity is particularly high.

Also, to reduce mosquito

breeding areas around your yard:

- Drain any areas of standing or stagnant water on your property.

- Remove old tires.

- Turn over pails, toys and wheelbarrows that may collect water.

- Change the water in bird-baths every few days.

- Keep your eaves troughs clear to avoid trapped water.

To report a dead bird or stagnant water, or for more information about West Nile virus, call the Halton Region Health Department 905-825-6000, toll free at 1-866-442-5866, or visit the Health Department's website at www.region.halton.on.ca/health

LEGION NEWS BRANCH NO. 197

By James Hayes
Public Relations Officer

Comrades, we finally got two nice days together on a weekend, not before time. Labour Day will be here before we can blink.

This is the time I remind you about that shut-in you know this might be a good time to take a few moments to make that phone call that can mean so much.

Sports takes top billing this week. The Legion Masters will be held on September 11. Sign up on the sports board at the Branch, 72 players, Legion members only. Pay by September 3; \$55 includes golf, cart, and steak dinner back at the branch. Don't miss the boat.

It's Wing Night again tonight, 6pm until sold out. Come on down.

Karaoke Night tomorrow with Fred Blain, 7-30-11:30pm.

I am told the Newfy Duo, Sea Breeze, were very well received by the patio crowd last Friday night. See them again on Saturday, August 7 on the patio 2-6pm, and of course, the BBQ will be fired-up for your hamburgers, etc.

Busy weekend for the Branch Sunday, August 8. The Leathertown Festival, on Mill Street, will see the Branch showing off the advantages of Legion membership to those who don't already know. Help from members is needed to set up the booth, and spend a little time staffing it from 11-4pm. Leave your name at the bar if you want to get involved. It's your Branch. The Branch will also be open from 12noon-5pm.

Yours in comradeship.

Chinese Scouts...

Continued from page 1
Nassagaweya, not part of Milton, two miles west of Acton. Scout leaders from across Canada have received their training at the facility which once was a public park served by the now defunct Toronto Suburban Railway. The reserve is named after the spring ponds in the park which are a pretty shade of blue, caused by minerals in the water.
