

VICTORIA RECONSTRUCTION: Residents of Victoria Avenue in Acton will be happy when reconstruction is finished. The street which runs from Cobblehill Rd. to Mill St. W. to the Fairy Lake dam has been torn up now for seven weeks but will provide a big improvement when work is done.

Thieves foiled at Ballinafad

Halton Regional Police, assisted by Wellington OPP, are still investigating an overnight attempted break-in that occurred in the early morning hours at the Ballinafad Farm Market on Thursday, July 29.

The owners of the market were awakened by the sounds of an attempted break-in at their store by two males at 4:48 a.m. The market is located on Trafalgar Road just south of Ballinafad.

The pair failed to gain en-

try to the business and fled in a stolen 1990 Acura Integra which was seen leaving the scene northbound on Trafalgar, police said. It was later abandoned and located by police who discovered a gun in the car's rear seat.

At approximately 7:45 a.m. a 1998 Ford Windstar was stolen from a Sixth Line, Erin address and a short time later abandoned a short distance south of the Sixth Line. Investigators believe that the suspects in the Ballinafad attempted break-

in may have been responsible for this car theft as well.

The one suspect is described as being male white, 18-21 years, thin build, short brown hair, wearing blue jeans with a black hooded sweatshirt. The second suspect has no known description.

Halton Regional Police are asking anyone with information concerning the above robbery to call police at 905-825-4777 or Crime stoppers at 1-800-222-TIPS.

Godfather's break-in failed

An attempt to break into Godfather's Pizza on Mill Street on July 24 failed when someone tried to pry open the front door and then the back door between 1:30 and 9 a.m.

Alarm activated

District One firefighters had a light week with only one call over the past week. Saturday morning at 9:34 a.m. an alarm was activated at 8 Commerce Crescent when a contractor from Appleby Systems was welding a bracket to the HVAC system onto the building. Smoke from the welding process got into the building and accidentally activated the alarm system.

Dangerous medicine

An Acton resident reported

he lost 21 tablets of prescription medication on August 1 between 7:45 a.m. and 3 p.m. The 80 mg. tablets were in a container with a name on it. Police are warning that the medication, called oxycotin, is

an extremely addictive and dangerous pain reliever of the type used for serious, prolonged pain such as cancer or back injuries. Police are most concerned in case children find the medication.
