

HAPPY FATHER'S DAY

My Father's Day Gift

My dad has never let me down. If I could rule Id give him a crown. My dad has always been a gift for my family in my own life, our memory.

Ever sence my mom married him. Ive been able to care from every limb. He is such a hansom guy And never has one single lie. Because of him I can do whatever. I will love him forever and ever. Thank-you

Why I know my Dad is the best in the whole world because he helps me with my homework and projects. Also he helps my Mom sister and I with house work. When my sister or I have a baseball or soccer game, he comes instead of golfing. When I had a broken leg, my Dad took time off work to help my Mom and me. And he works very hard to make money for our family. But, most importantly he loves me! (And I love him too!).

My dad is the best because I know he would quit his job for me. He would do anything for me and I would do anything for him. You know what they say: Like father like son. We are best buddies and I will always be his son forever, no matter what happens and I like that very much. I love my dad forever and the family too but I love him more. He might get boring but he would make up for it like take me somewhere I've always wanted to go really badly and this is why I love my dad so much. I could not forget him. Even if I tried I cold not every forget him because he's beside me forever. I just want to say this, Dad, I love you forever and I hop that never changes.
