CARD OF THANKS

Thank you to relatives, friends and neighbours for sharing our anniversary/birthday celebrations. Special thanks to our daughter Leann and her family for the superb organization. Cards, phone calls, visits and gifts brought back many memories and gave us much pleasure. To all a Merry Christmas and healthy New Year.
June & Lorne Doberthien

We, the brothers and sisters of Patty Pasmore, wish to express our sincere thanks to all the family, friends and neighbours for the wonderful support shown us in our time of grief. One never can appreciate the strength drawn from those around them until they experience grief in a loving, supportive community. Our community is second to none. And, thanks to a community that openly accepted Patty with all her challenges. Our parents came from a generation where special needs people were often hidden away, but, they did not and you, in turn, included her openly and lovingly. Thank you so much. A very special thanks to the palliative care team of Shelly Lilly and Trish Atkins. They stepped in where others would not and provided the care and comfort needed for Patty to die in her own home with best friends, Lorne and Diane MacKenzie, by her side. What a blessing the team are.
Thank you.

Town survey...
Continued from page 19

and 45 per cent of staff think the Town has been effective in communicating with citizens

- 46 per cent of respondents had seen or heard about the Town's strategic plan
- 52 per cent of those surveyed had not visited the Town's website

Hodge said his company is now "getting to the bottom of what it all means" and is working with the rich data bank to give the Town a look at its strengths, issues of high importance and satisfaction, or dissatisfaction when it comes to the building and maintenance of roads, the number one issue.

"...They are least satisfied with this service (and) it is the fourth highest in importance to them, and is the largest gap between importance rating and satisfaction ratings," he said

adding they are continuing to analyze the data.

The public can bring questions about the survey, which is available on the Town's website, to a workshop on January 9.
