

*Fifth Line*

# Residents petition for upgraded road

Halton Hills council received a petition recently signed by 40 area residents who want to see the Fifth Line between Regional Rd. 43 and 17 Sideroad upgraded, graveled and hard surfaced.

"The state of the repair of the road in this area is deplorable, reduced to unstable mud by the smallest rainfall," it was stated in the petition. "Our cars are perpetually covered in mud, and

the road is a hazard to both drivers and pedestrians."

In the petition it was noted four different school buses travel the road regularly and there is considerable daily traffic from residents traveling between Limehouse and Georgetown.

"In addition, a significant sum of infrastructure money is slated to be spent on improvements at Limehouse ball park. Although

we welcome the improvements to the park and surrounding facilities, we feel the road needs equal improvements to accommodate the increase in traffic from the park improvements."

At the council meeting the petition was referred to the town's budget committee for consideration in budget deliberations.

# Servicing allocation denied by council

A request from Miltown Cooperative Homes for an allocation of 20 units of servicing capacity was denied by council.

The non-profit housing cooperative is attempting to build a housing project in Acton but has not yet settled on a suitable site. The cooperative was requesting the water allocation so they could apply it to the site of their choice.

Bert Arnold, representing Acto-ll

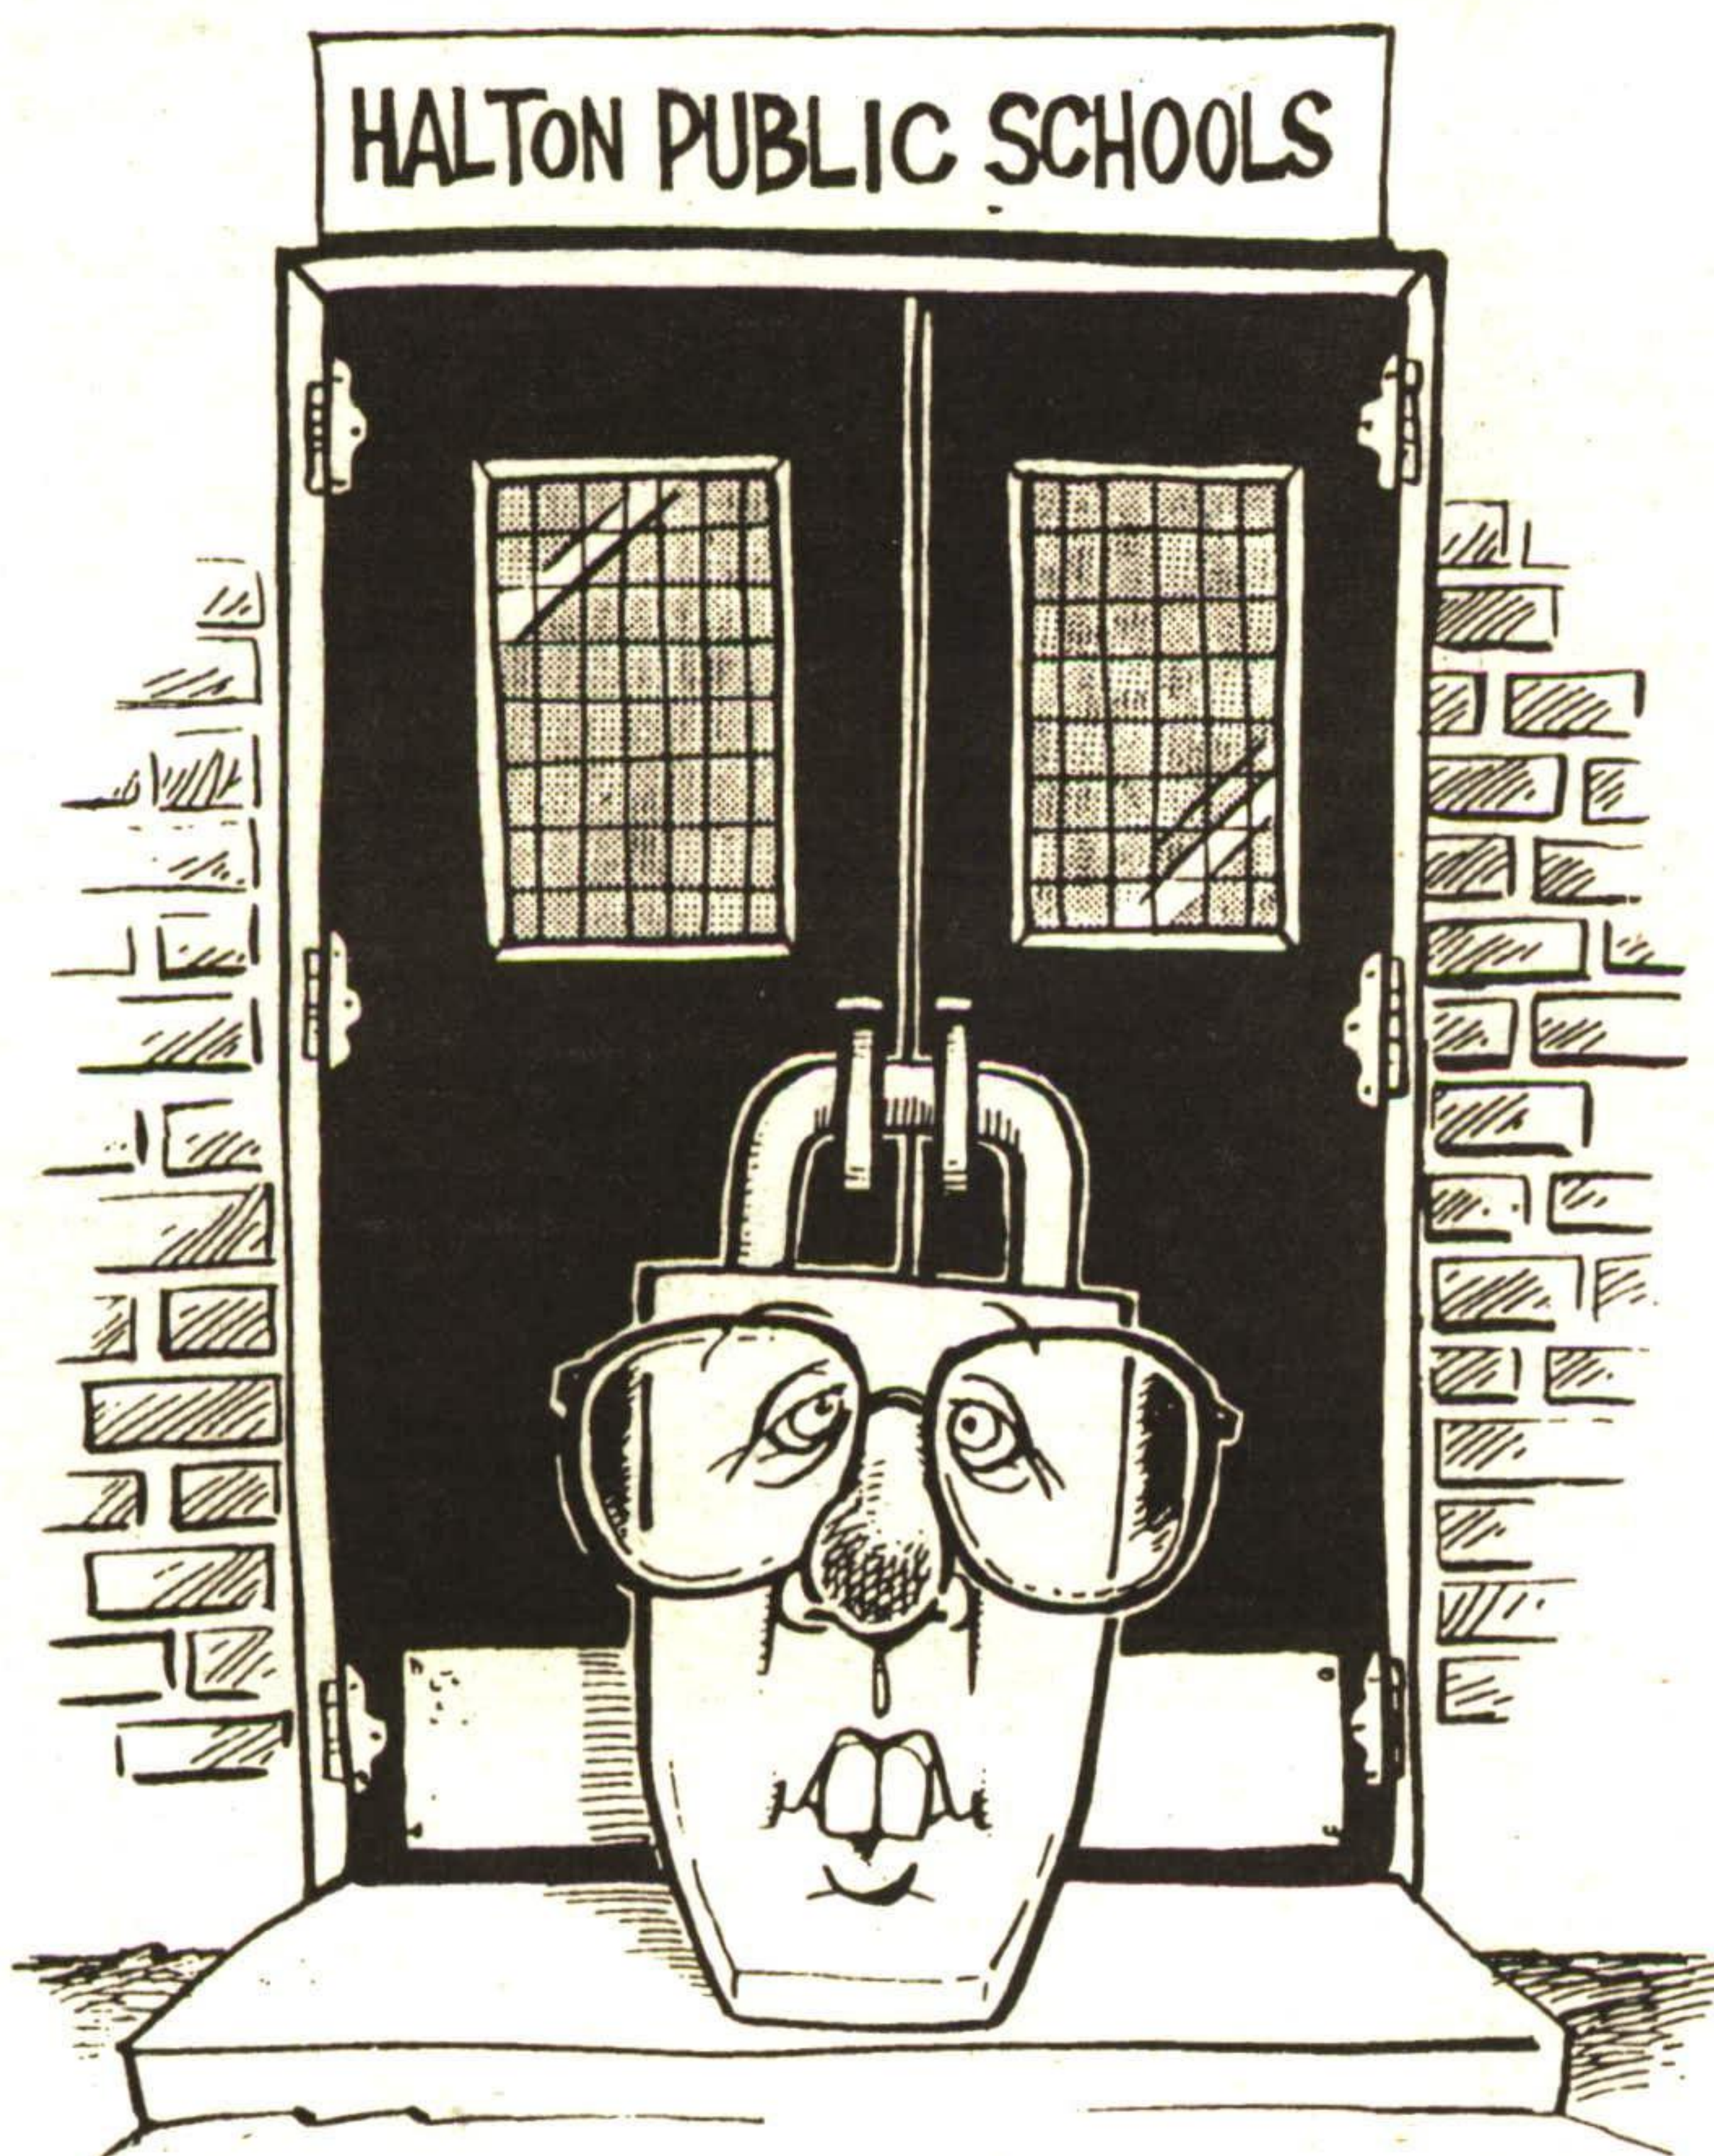

Investments Inc., one of the developers involved in the Acton Ontario Municipal Board hearing, said it wouldn't be fair for council to grant the water allocation prior to site selection as developers have been battling for two years at the OMB to build in the town.

Arnold said the only place Miltown Cooperative could build in the new urban area of the town would be on the Coscan site,

resulting in Coscan receiving 20 additional units of servicing capacity.

Council agreed it wouldn't be wise or fair to tamper with the allocations at this point in the OMB hearing and did not support the recommendation of allocation. Council did advise the group however that town staff members were available to help in their search for a site.
