FIX UP
YOUR HOME

Indoors and out
This is the time for home improvements

With the arrival of warmer weather, homeowners across the country are taking stock of potential home repair, renovation and construction projects. Some will require a substantial investment of time and money; others will require minimal resources - but whichever the case, the rewards can be sizable.

This is a great time to build a new deck, re-brick the patio, landscape the yard, or apply a fresh coat of paint to a weather-worn garage. You'll enjoy the results throughout the summer, and the value of your property will be enhanced as well.

Opportunities also bound for interior improvements. While you're packing winter clothes up for storage and once again bringing out spring and summer wear, closets can be reorganized and tidied up for greater ease of use; investing some additional time now can increase your efficiency later on.

You may even be inspired to undertake a thorough spring cleaning. Washing the windows, scrubbing the winter grime from the floors, and taking note of any minor household repairs that may be necessary, are good beginnings for a springtime overhaul of your home.

Be sure to evaluate carefully whether or not the fix-it projects you need to undertake are within your capabilities as a do-it-yourselfer. If you do decide to try something that you're unsure about, the staff at your local hardware store or home center may be able to provide helpful advice and information.

Above all, plan ahead, if you're hiring a contractor, you'll need to explain exactly what you want to have done. And if you're doing the work yourself, there's no reason not to be fully prepared for the job you're undertaking.

THIS WEEKLY FEATURE ON HOME IMPROVEMENT IS BROUGHT TO YOU BY THE LOCAL BUSINESS PEOPLE SHOWN HERE. THEY WILL BE PLEASED TO ASSIST YOU WITH ANY OF YOUR PLANS FOR HOME FIX UP.
