Another Main St. fire
 Halton Hills Fire Department was called to 94 Main St. N. in Acton on Tuesday at 10 a.m. A tenant was moving and had left boxes throughout the house, including a television on the stove.
 The electricity for the building was turned on by the hydro company, and a stove element which was left on started the fire.
 There was heavy smoke damage in the house and damage is estimated at \$15,000, fire officials said. There were no injuries.

Alarm activated
 An alarm company forgot to tell the Halton Hills Fire Department that the alarm at Georgetown Marketplace Mall would go off when the hydro to the mall was turned off Tuesday at 2:33 a.m. As a result, 15 firefighters responded. An alarm earlier that night at Georgetown Hospital at 12:39 a.m. turned out to be a malfunction.
