WARNING: PYTHIUM BLIGHT HAS ARRIVED

This June we have experienced unusually hot, humid weather, which has brought on a very common lawn disease called Pythium Blight. It is most noticeable in the early mornings when heavy dews are formed overnight and when daytime temperatures are humid and above 30C. As the grass blades dry up during the day, the dead blades turn to a reddish brown, leaving you with a "polka dot" like appearance on your lawn. Pythium Blight is most commonly found in very dry, sunny areas (ie: near side walks/driveways) and in lawns with excessive thatch.

It is very difficult to control Pythium Blight in a home lawn because of the speed at which it develops (it has been known to devastate lawns within 24 hours). The best control for this disease is:

1. Provide adequate water (1 1/2" per week) but avoid light frequent waterings. Adequate drainage is also essential.
2. Fertilize your lawn with a well balanced fertilizer (do not over feed with nitrogen)
3. Mow and water your lawn between 9:00 a.m. and 12:00 p.m. Mowing and watering in the early morning or evening will spread the disease through the lawn.
4. Keep your lawn mower blade very sharp.

With any luck the weather will cool down and we will get some rain which will help in reducing the damage and aid in your lawns recovery. I have found that watering your lawn at the proper time is the most effective way to rejuvenate the damaged grass. In most cases the affected areas should completely recover in 2-3 weeks, however in severely damaged areas some seeding may be needed.

NEXT TIME: Here They Come Again!!

Contest deadline July 15 Calling all writers

If you write poetry, short stories or essays, you could win up to \$500 in cash and receive national publication of your work in the University of Guelph alumni magazine.

The annual competition is sponsored by the Guelph Alumnus magazine and the investment firm, ScotiaMcLeod Inc.

A total of \$1,000 in prize money will be awarded to three overall winners — \$500 for first, \$300 for second and \$200 for third.

Anyone can enter except people directly involved in managing the competition. And you can submit as many as three entries — a short story, a personal essay and poetry — as long as you haven't published a book in the category.

Last year's competition drew more than 300 entries from across Canada and several other countries.

All entries must be typed double-spaced on 8 1/2 by 11-inch bond paper and must include a cover

sheet that contains your name, address and telephone number. Pseudonyms are not allowed. Entries must be original and unpublished, with short stories and personal essays no longer than 4,500 words and poetry no more than eight pages. Entries must be postmarked by July 15, 1995. Include a self-addressed stamped envelope if you want your manuscript returned.

Send entries for the Guelph Alumnus-ScotiaMcLeod writing competition to Mary Dickieson, Editor, Guelph Alumnus, University Communications, Level 4, University Centre, University of Guelph, Guelph, Ont. N1G 2W2.

Gallery exhibit

Local artist Shirley Brambley will be exhibiting her original paintings in watercolor at the Halton Hills Cultural Centre Gallery until July 15.
