

Community support is appreciated

Dear editor:

On behalf of Three On Three Street Hockey Challenge and our sponsors, we would like to take this opportunity to thank all the participants, spectators, and others in the community such as *The Georgetown Independent/Acton Free Press* for making our event so successful in the Halton Hills and

surrounding areas. We are looking forward to coming back to Georgetown next year, and hope for your continued support of our events, and the opportunity to put something back into the community that has given us so much.

Brian Snow, Mike Marcolini

Our readers write

Mountainview is a busy road; reader chose not to live there

Dear editor:

The article of July 16 titled, Mountainview residents want construction compensation, really caught my eye.

It's been a hot summer therefore I'm demanding that Halton Hills council provide me with Central Air Conditioning!

I don't get mail delivery, there are no public schools in my area so my children are bused, there are no services in South Georgetown such as a convenience store, gas station, drug store, video store, community centre etc. etc. Therefore I think the council should also pay the total sum of my property taxes until these services are available!

I also want a written commitment from council that Georgetown will not grow and prosper in the future!

Let's get serious.

Our family has lived in Georgetown for 11 years, first on Airedale Court and now on Craig Cr. in South Georgetown. I chose the

street we lived on with traffic in mind because when we moved here in 1984 from Nova Scotia we had small children and we didn't want to live on a busy street.

Mountainview Road has always been one of the most traveled routes in Georgetown and we chose not to live there!

I do feel for the people that live on this route but I do believe it was by their choice that they chose to live on such a busy route was it not?

Truck traffic is a definite problem in our community and something has to be done about it. But that is a separate issue.

Just like I wouldn't have chosen to live on Mountainview I would not have picked Maple Avenue.

You can't stop progress and you can't blame government for everything (or can you)?

If the council even entertains this petition for compensation they should be impeached! Can we do that? I think I'll call my lawyer.

Mike Springer

DOE'S CERAMIC NEWS

VOLUME 1.1

Doe's Ceramics & Crafts Has EXPANDED!

We have expanded and moved to a new location. Doe's Ceramics and Crafts is now located at 29 Armstrong, Unit 5 in Georgetown

New Hours

We are now open daily starting at 10:00 A.M.

Closed Sundays

Watch out we're taking off
