Meadowvale productions

Meadowvale Theatre continues its focus on top-notch theatre with its 1995/96 Professional Theatre Series featuring three outstanding productions.

Opening the series in mid-October is the Victorian melodramatic farce, *The Revenge of the Woman Dressed Largely in Black*, directed by Doug Beattie, noted Canadian producer/director.

Beattie will also direct his brother Rob Beattie in *Wingfield's Progress*, the second of the three-play *Wingfield Trilogy*, being presented by popular demand following the tremendous success of last season's *Letter From Wingfield Farm*.

Also on the 1995/96 playbill is the new hit musical, *Nine Months*, starring Elise Dewsberry with Leslie Arden handling musical arrangement and accompaniment.

This three-show package is available in a subscription series at a saving of 20 per cent over single ticket prices. Orders are accepted by telephone at the Box Office (905) 821-0090 or in person at Meadowvale Theatre, Monday through Saturday, noon to 5 p.m.
