**NOBODY DOES DENIM  
 LIKE MARK'S.**

At Mark's we carry over fifty different styles and colours of jeans in hundreds of sizes. Our Denver Hayes brand is a good example of the kind of quality we insist upon. Premium, 14.5 oz. denim and years of know-how go into every pair. And then they're Silverstone® treated, ring-spun and reinforced at stress points for classic looks that stand the test of time. We bring the same attention to detail to Denver Hayes denim shirts. We start with softer, stone-washed 6.5 oz. denim, preshrink it, then use double and triple seam construction for a shirt so long lasting archaeologists of the future should be just as impressed as you are.
