

## Aiming for car

Men Without Hairs Victor J. Hansen and Edgar Thatcher polish up a new car, compliments of Georgetown Chrysler, which some lucky golfer could drive away from their annual Fall-ing Out Tour(nament) today (Sunday) by sinking a hole-in-one at Georgetown Golf and Country Club. The tournament is for all levels of golfers, and will be followed by a 7:30 p.m. dinner and musical/comedy show, hosted by the local duo. For more info or last minute golf or dinner tickets, call Jack Pignatelli at 877-4579 or the Men Without Hairs hotline at (905) 567-4488. All proceeds from the event will go to Halton Hills United Way.

## CVCA approves trail

At a meeting of the Credit Valley Conservation Authority (CVCA) held in Orangeville in June, the board approved the Draft Cataract to Elora Trailway Management Plan.

The CVCA and the Grand River Conservation Authority purchased the abandoned railway line in September of 1993 with the view of creating a multi-purpose recreational trail and greenway.

"The plan sets clear direction for management of the trail that is sensitive to the issues brought forward through a public consultation

process," says CVCA conservation area planner Brian Tayler. "This approach was adopted in recognition of the need for community-based decisions and funding to guide management and development of the trailway."

Permitted uses will include bicycling, horseback riding, hiking, cross country skiing and snowmobiling.

The management committee will unveil a new logo and information/education program to guide the public through the new trailway.
