Visit the Changing Seasons program at Mountsberg Wildlife Centre

The fall season brings with it changing colors, flocks of migrating birds, a flurry of animal activity and crisp fresh air. All these things make it a perfect time of year to visit the Changing Seasons program at the

Mountsberg Wildlife Centre. Changing Seasons operates from 10 a.m. to 4 p.m. on weekends and holidays until November 2. Join the staff at Mountsberg for a horse drawn wagon ride through

brilliantly colored forests or stop for a sip of freshly pressed cider. Enjoy several kilometres of nature trails or wander through the informative displays in the Interpretive Centre. The Douglas G. Cockburn

raptor rehabilitation centre offers a wonderful glimpse into the world of birds of prey. An exhibit gallery, Aerie theatre, one way viewing glass into the treatment room as well as live bird of prey presentations at 1 and 3 p.m., help

explain the importance of these creatures in the natural world. Mountsberg is located on Milborough Line, just 5 km west of Campbellville. For info: call the HRCA at (905) 336-1158 or the Centre at (905) 854-2276.

Ed Robertson of The Barenaked Ladies, right, takes on David Assenheim in a game of Virtua Fighter at Microplay in Georgetown. Robertson had autographed CDs for anyone who could best him. He proved to be a stubborn opponent, losing only a few games in over two hours of play.
