

ENERSMART
THE APPLICATION
OF IMAGINATION
FOR YOUR HOME

Imagine the magic of fire – appearing at the flick of a switch. It's possible today with a beautiful new Natural Gas fireplace. Now you can cut down on heating bills without chopping down trees or sweeping up ashes. Bring life to the living room. Add romance to the bedroom. Just turn up the fire and take the chill off the morning air, or heat up a cold winter night.

It's easy to convert your old fireplace or add a new one in almost any room you choose. You may not need a chimney – some Natural Gas fireplaces simply vent outside.

Warm up to clean-burning Natural Gas. Choose from a variety of modern and traditional designs.

Act now and make no payment until April '96. Then sit down and relax by the fire while your money is still sitting in the bank. Isn't that a comforting thought?

 REPORT
 CARDS.**

Sylvan Learning Centres[™] can help you—and your child—actually look forward to report cards. We begin with a test to identify strengths and weaknesses, then develop a customized learning programme with lots of individual attention, encouragement and praise from a caring, certified teacher. Your child's self-confidence, learning skills and study habits will improve. Just a couple of hours a week at Sylvan[®] and you'll begin to look at report cards a little differently.
