## Our readers write....

### Thanks from Ron's kids

*The following letter was filed with this newspaper for publication.*

Dear friends of Ron Hachey,  
We would like to take this opportunity to thank you all for your participation in the benefit held for our father.  
It was heartwarming to see you and we hope you enjoyed yourselves. We only wish dad could have been there with us. In his heart, we're sure he was.  
If you're ever in Toronto, drop in and say hello to dad anytime. The way his face lights up when he sees someone familiar is something that will stay in your heart forever. Dad is in Queen Elizabeth Hospital on Elm Street, just off University Avenue, across from Sick Kids.  
We would also like to thank the merchants of Halton Hills for their contributions to the benefit. They helped make it a huge success.  
Once again thank you to each and every one of you. Dad may never be rich monetarily, but he certainly is when it comes to his friends.

With thanks,  
Ron's children  
Kim, Laura, Mark and Adam,

---

### High praise for GDMH

*The following letter was filed with this newspaper for publication.*

Mr. Ron Noble,  
Chief Executive Officer,  
Georgetown and District Memorial Hospital,  
I recently spent time in Georgetown Hospital and wish to express my gratitude. From the moment my daughter called for an ambulance until I returned home some ten days later, I received the utmost in compassionate, professional care.  
Within minutes of calling 911, the ambulance arrived, took vital signs, and I was on my way. While I remember little of the ride, my daughter tells me I was rushed into emergency where the nurses quietly calmed and reassured me that I was in good hands as they hooked me up to monitors within moments.  
Luckily, Dr. Browning was in the hospital and was able to quickly diagnose a heart attack and start treatment immediately.  
I was settled in intensive care within a couple of hours where I spent the next five days under the watchful care of a marvelous, caring team of nurses.  
My heartfelt thanks especially to Jean and Josie, who were never too busy to attend to my smallest need and whose compassion and keen sense of humor were as important to my sense of well-being as were the necessary IV's, pills and tests.  
I finished my last few days in hospital in a semi-private room with a woman who had suffered a debilitating stroke. I watched as the nursing staff assisted her in many ways, while at the same time encouraged her to attempt small tasks to begin the long road back to independence.  
It is possible that I would not be writing this letter today, had it not been for every member of the Halton Hills medical team doing an outstanding job.  
While I had heard that Georgetown was a small hospital, perhaps unable to provide the essentials that the larger urban hospitals take for granted, I can only say that I have nothing but the highest praise for the institution and its doctors and nurses who are working under stressful cutbacks but whose dedication to their profession does not allow them to compromise their standards.  
My experience there also gives me one more reason to be happy that my family has chosen Halton Hills for our new home!
