Why pay more taxes, Mr. Reed?

Dear editor:
 Re: MP reacts to federal budget, March 10.

Mr. Reed regrets the lack of progress on consolidating the GST and PST. Ontario is cited as largely responsible.

When I look at my large heating bill this month, plus hydro, I don't want an additional

8 per cent added on to these already liberal charges.

These are only two instances of the overall tax increases brought about by harmonization.

I fully support Mike Harris in his opposition to this tax extension. Why do you want Ontarians to pay more tax, Mr. Reed?

CNIB appreciates community support

Dear editor:
 On behalf of our 2,297 clients and the CNIB Halton/Peel Public Relations Committee, I am writing to your company to thank you for your support of White Cane Week Feb. 4-10.

We appreciate your sponsor page in *The Acton Free Press* and *Georgetown Independent* in support of the Canadian National Institute for the Blind

(CNIB) Halton/Peel District and Canadian Council of the Blind (CCB) to make the community more aware of the abilities of blind and visually impaired persons. Through your support, we were able to let the public know about our fundraising efforts: CNIB Lottery Calendars, Annual Crocus Sale and Polar Chili Open.

Our client growth continues to grow at a rate of 8 per cent with a majority of our clients over the age of 60. Through your support, we were able to raise money to help ensure that the necessary services for people who are blind and visually impaired continue in this district.
