

Alarming costs

■ During 1997 budget deliberations the town will look at the possibility of recovering the cost of sending the fire department out to fire calls due to malfunctioning alarms according to the town's fire chief Bill Cunningham. Cunningham, who made the statement at Monday's general committee meeting, said malicious fire alarm activations are pursued through the courts.

No clauses

■ Including restrictive clauses in town tender documents is not likely to happen based on information presented in a staff report June 17.

TOWN
HALL AT
A GLANCE

Lisa Tallyn

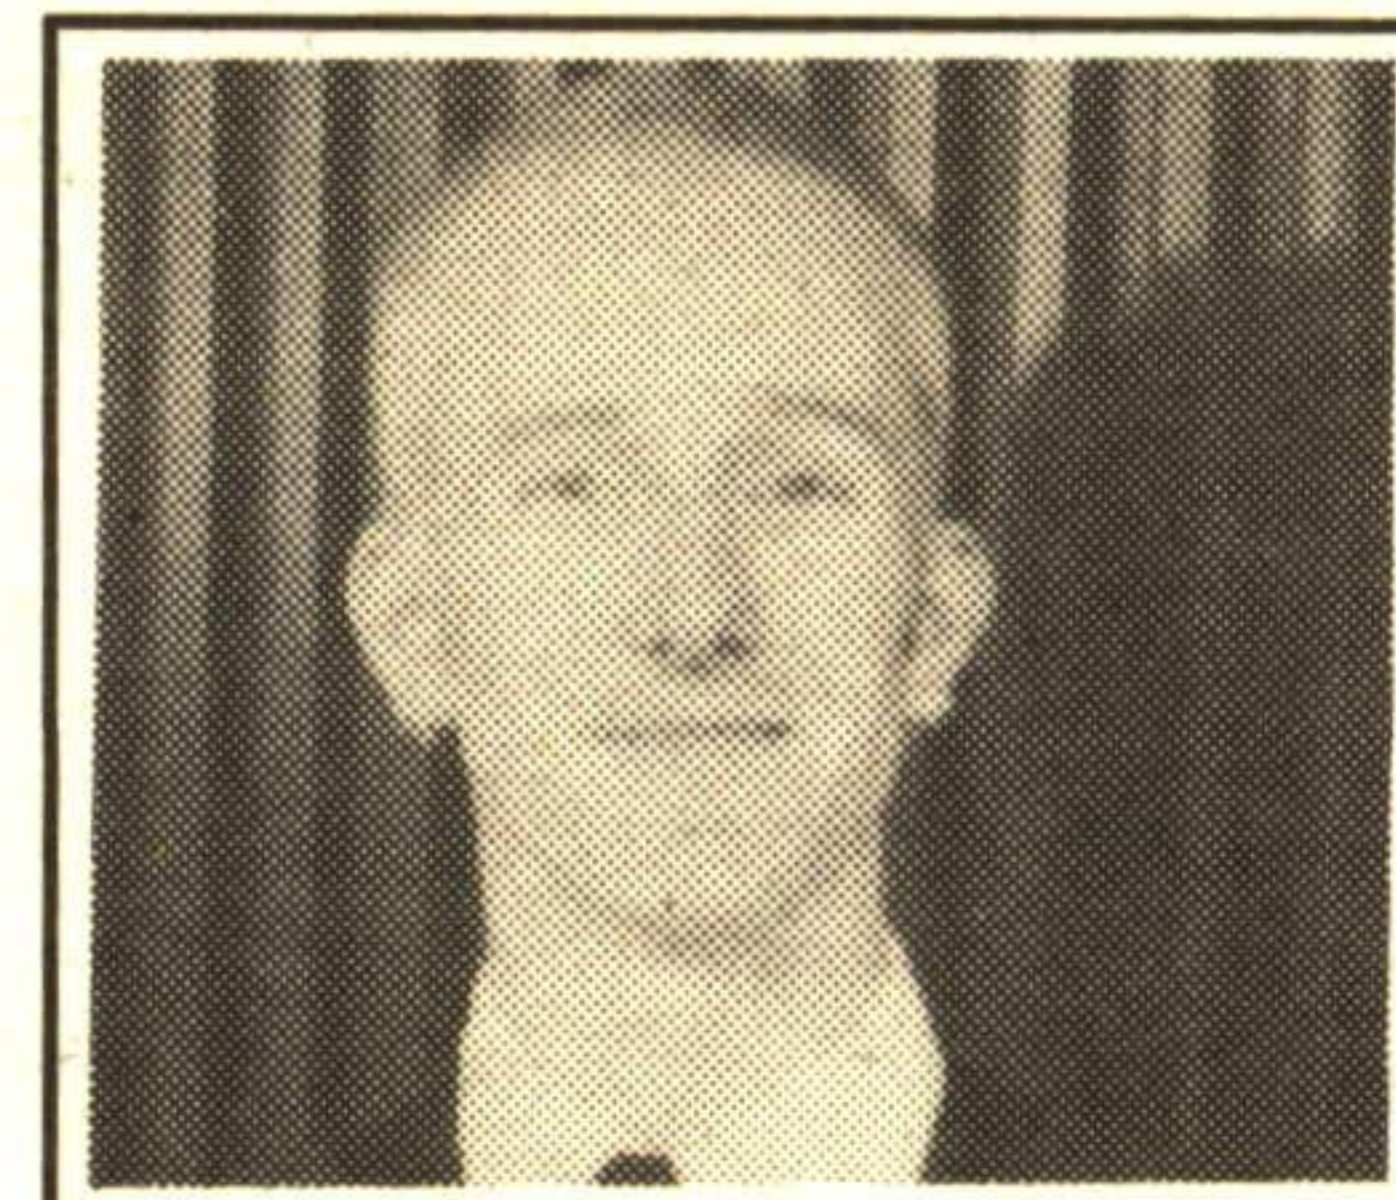

Earlier, council passed a resolution directing staff to investigate the feasibility of adding a clause to tender documents requiring the applicant certify it is environmentally friendly and has no financial interest in any company proposing a landfill in Halton Hills. Based on confidential legal advice

staff recommended the clause not be included.

Bridge work

■ Town staff were directed June 17 to confirm the feasibility of installing the Hungry Hollow pedestrian bridge in Willow Park and include the appropriate funding in the 1997 capital budget. The bridge will be redundant in Hungry Hollow when the Mountainview Rd. bridge is completed and could be used to link Willow Park to Norval Park. The region has agreed to remove and transport the bridge and the Credit Valley Conservation has agreed the bridge can be stored at Willow Park until it's installed. Council has to approve the recommendation.

CONGRATULATIONS ON A JOB WELL DONE

Barry and Sandra Timleck are proud to announce the graduation, with honours, of their son Andrew from the University of Ottawa. He received his Bachelor of Science in Human Kinetics. Andrew will proceed to the University of Michigan in September to prepare for his Masters Degree.

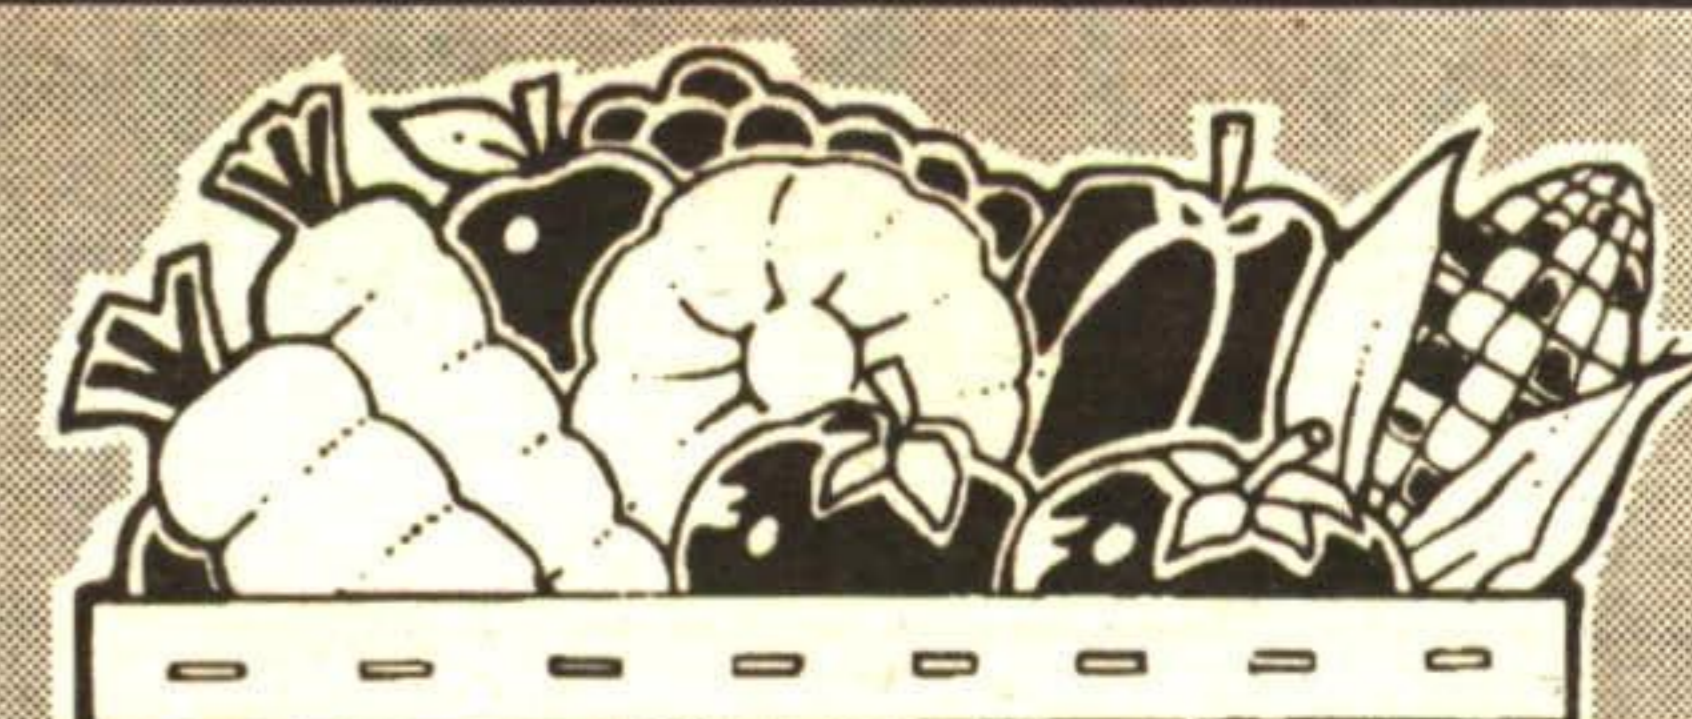

Congratulations on a job well done! Love Mom, Dad, Marci and Stewart, Jane and Greg.
