Serious accident

■ Firefighters used the jaws of life to extricate a Georgetown man from his car after a serious accident in Norval Wednesday evening. Police said that the 1990 Pontiac was heading east on Guelph St. and was passing several cars on a curve. It went off the road and struck a parked pickup truck, then the porch of a house. The man was taken to Georgetown Hospital. The accident is under investigation.

Severe damage

■ A 1985 Plymouth, driven by a Toronto man, went out of control Monday afternoon on Winston Churchill Blvd. The pavement was slippery at the time and his car went off the road and struck a tree, police said. The man was taken to Georgetown Hospital by police and the car was severely damaged.

Theft from pickup

■ Someone stole \$425-worth of goods from a locked pickup truck on John St. in Georgetown sometime before 9 a.m. Sunday, police said. Stolen items included sporting goods, CDs and a wallet.

**Mayor headed to Region as
councillors reverse decision**

By **LISA TALLYN**
Staff Writer

As it stands now, the mayor of Halton Hills will continue to sit with the other Halton mayors at the regional council table after the 1997 election.

Tuesday night general committee voted to reconsider the council representation issue again, after making two previous decisions on it.

Lack of time to do a proper public consultation and the fact other Halton mayors will remain at the region were the reasons given in the motion.

After that vote, committee supported Ward 3 councillor Anne Currie's motion to continue to send the mayor to the region along with two regional councillors, however council has to support it before it is official.

Under the new plan one regional councillor will represent Wards 1 and 2, and the other one will represent Wards 3 and 4. The restructuring will

result in two less regional councillors at local council, but there would be no other change to local council's composition. Currie's motion also called for changes, which could include different ward boundaries, to be completed for the 2000 municipal election.

ANNE CURRIE

Currie's motion was actually the recommendation contained in an earlier report by town clerk Janet Lunn Stewart.

"It seems the simplest way out of an impossible situation," said Currie.

Councillor Moya Johnson said the solution would have "the least impact on the public."

Councillors Norm Elliott, Chatten and Cook said they would support the motion reluctantly but added they have misgivings.

"This will not be a system that will serve Halton Hills well," said Elliott. He added the ward structure for regional representation is not a fair division of the town.

Currie's motion also included a request the region disregard the mayor's recent request for an additional seat at regional council.
