Jim Oldreive is 50!

*Happy Birthday!
Love The Cleavers*

The mirror reminds you every day.
Your face is showing the battle scars of life. Wrinkles, lines and tired-looking eyes, instead of the smooth serene of maturity. Creams and lotions don't seem to help.

**Wrinkles...
Aarrghh!**

But now, there is an answer.
The **UltraPulse cosmetic laser** brings the wonders of high-tech into the battle against the ravages of time. Safe, gentle skin resurfacing that brings back your youthful glow. And unlike most other remedies, the results are permanent.

**THE MANY USES OF FM
FOR THE HEARING
IMPAIRED**

School districts are one of the largest customers of FM technology. In classrooms for the hearing impaired, the teacher wears a microphone/transmitter and the students may wear their own hearing instruments, as well as individual FM systems set to the teachers transmission channel.

For students with attention problems, a personal FM system reduces distracting background noises by transmitting an amplified version of the teacher's voice directly to the student's ear. This system is intended for one-to-one operation from teacher to student, or to several students within the same classroom. A clip on transmitter and a pocket-sized receiver makes this an extremely flexible system that allows for great mobility. This type of personal FM unit has also been adopted by many individuals for home and business use.

For more information on FM systems, please call...

New school is blessed

The newly opened St. Brigid Catholic Elementary School on Miller Drive was officially opened Nov. 18 with The Most Rev. Anthony Tonno, D.D., Bishop of Hamilton, blessing the classroom crucifixes and school time capsule, assisted by The Rev. Ian Duffy P.V., associate of Holy Cross. Halton Hills Catholic School Trustee Irene McCauley acted as Master of Ceremonies.

Mountsberg celebrates winter

Winter days are definitely here along with all the fun and excitement you can experience outdoors at this time of year. Why not wander out to the country for a breath of fresh air and a bit of outdoor adventure?

The Mountsberg Wildlife Centre is starting its Winter Days in the Country program on weekends and holidays, Dec. 26 to Feb. 25, 10 a.m. to 4 p.m.

A true winter wonderland is less than a half-hour drive away. Take a walk down a snowy forest trail, visit displays in the Interpretive Centre, take a horse-drawn sleigh ride or visit some adorable barn animals in the historic Cameron Barn. This may be your chance to come beak to beak with a Great Horned Owl in daily presentations at the Douglas G. Cockburn Raptor Centre and Exhibit Gallery.

There are groomed cross-country ski trails, skating on the farm pond, and roaring bonfires to roast marshmallows or to just warm your toes.

All of these activities and many more are included in your gate fee: adults \$4, students (13 & over) \$3.25, children (12 & under) and seniors (65 & over) \$2.75 and preschoolers are free.

You can also visit the new little nature store in the Interpretive Centre where all kinds of nature related items are available for sale.

Mountsberg Conservation Area is located on Milborough Line, 5 km west of Campbellville, between Hwy. 6 and Guelph Line, just south of the 401.

**HALTON REGIONAL FACILITIES
CLOSED FOR THE HOLIDAYS**

HALTON REGIONAL CENTRE, PEGASUS SPECIAL TRANSIT SERVICE, and most of the BUSINESS OFFICES of the Regional Municipality of Halton will be closed from noon on Tuesday, December 24, 1996, to reopen on Thursday, January 2, 1997.

For detailed information on which services will be available during the period when business offices are closed, please telephone **825-6046**. If your call is long distance, please dial the appropriate number below and ask for **Extension 6046**.

For emergency inquiries pertaining to Public Works, Health and Social Services Departments, call:
