## Serving the hospital

Georgetown Memorial and District Hospital recognized 75 long service employees April 3 as they were presented with certificates for five years service. Among those honored with presentations from GDMH CEO Ron Noble were (from left) Sylvia McClements of info systems, Marlene Etchells of obstetrics and Theresa Gregory of administration.

## Get a health card at next week's outreach program

The Ministry of Health will be at the Georgetown & District Hospital from April 14, 9 a.m. to 4:30 p.m., April 15 and 16, 8:30 a.m. to 4:30 p.m. and April 17, 8:30 to 4 p.m.

By appointment only, residents can register for or get re-issued: damaged health cards, lost health cards, stolen health cards, new registrations, or changes in last names. Call 905-896-6009 to make an appointment.

To have any of the above done you need three different original documents: a Canadian birth certificate, Canadian citizenship or immigration status document; current document with your name and home address (eg. Ontario driver's licence, utility bill, etc.); document with your name and signature.

If you need help deciding what documents to bring, call this toll-free number: 1-800-268-1154 or you can call

the Automated Information System: 1-800-664-8988.

If you need a new or replacement health card for your children 15 1/2 years or younger, they don't have to go with you because they won't have a photo on their card. All you will need is an original document to show their Canadian citizenship or immigration status.

For general information only call 1-800-268-1154.

## GEORGETOWN children's chorus presents KIDS ON BROADWAY

A spectacular show featuring 160 kids (age 4 to 18) singing over 30 of your Broadway favourites - Joseph, Phantom, South Pacific, West Side Story, Les Miserables, the list goes on and on!

 DENTURIST

### QUESTIONS AND ANSWERS

**Q: I believe that I require new dentures but I'm concerned how my appearance will be changed?**

**A:** At the Denture Clinic we always go through a "wax try-in" stage. The selected teeth are set up in a wax base and fitted in your mouth. You then have the opportunity to see, in a mirror, exactly how the denture will appear, before it is completed.

As the teeth are only in wax at this stage, we have the liberty to move the teeth about, or even change the particular tooth selection. We never go beyond this step until we have accomplished exactly the natural, pleasing appearance you desire.

**Q: What is a permanent processed reline?**

**A:** A processed reline is a way of re-basing your denture from the same type of long care acrylic from which it was originally made. This will make the denture fit more snugly to your ridge.

**Q: Will it change the appearance of my teeth?**

**A:** No, it only re-fits the denture to your ridge, no change of tooth position takes place.

**Q: What are soft, or cushion relines?**

**A:** A permanent soft rubber lining is applied to the lower denture inside ridge. Soft, or cushion relines are excellent alternatives for those who have sensitive oral tissue and tend to get frequent sore spots. A properly applied soft lining can provide years of comfortable chewing and smiling.
