The Secret Garden blossoms with young talent

By **GERRI SCHALJO**
Special

The cast of Globe Productions' spring show invites you to take a walk with them through *The Secret Garden*. Adapted from Frances Hodgson Burnett's classic novel, this show follows the adventures of Mary Lennox as she comes to terms with the deaths of her parents, while helping her cousin Colin deal with his own difficulties.

The role of Mary is being played by Laura Redekop, an 11-year-old Grade 6 student at Georgetown's Centennial School. Laura has done many productions with the school, and has also attended the Recreation and Parks musical theatre summer camp.

She belongs to Cheri

Lindsay's Dance Studio, and also studies voice and piano. This is Redekop's first show with a community theatre group, and so far she says she

Chris Willes, left, plays Colin Craven, while Laura Redekop takes the lead role of Mary.

is enjoying herself because she likes singing and acting and "everyone is nice".

Redekop explains that she likes the character of Mary

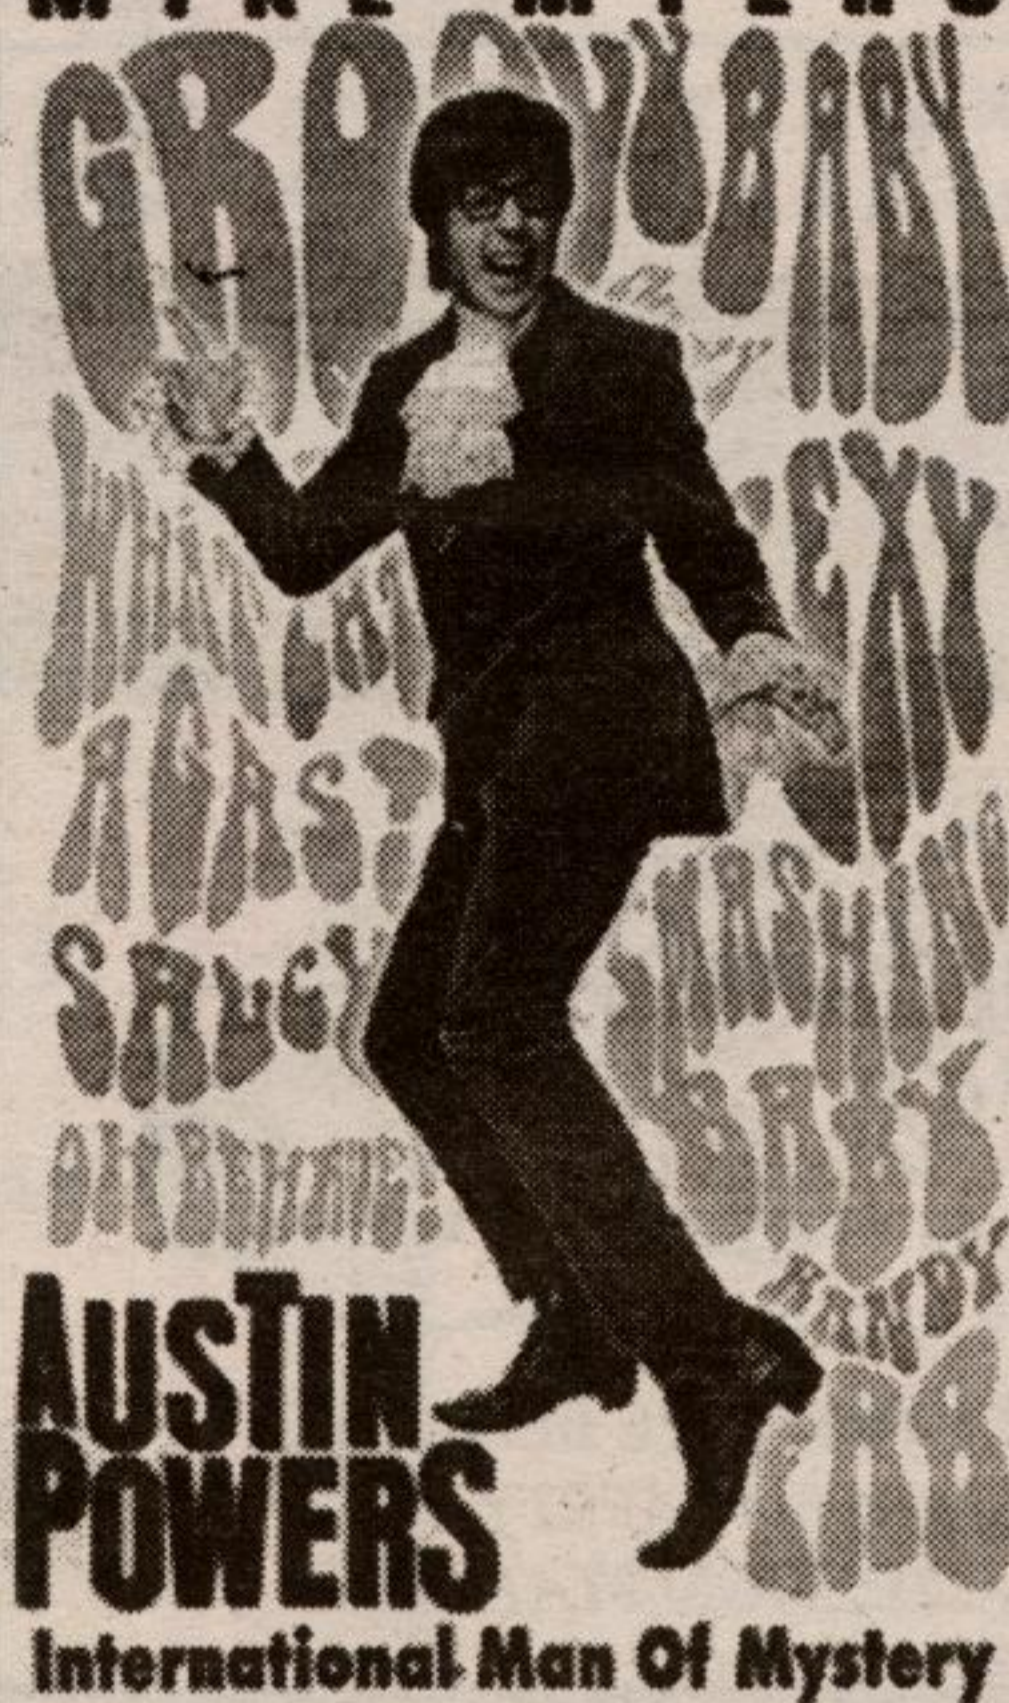

Lennox because Mary has a good sense of humor.

The role of Colin Craven is being played by Chris Willes. Chris is also 11 years old and is in Grade 5 at Brookville School. No stranger to Globe Productions, Willes was last on stage with Globe in *The Music Man*. Willes likes *The Secret Garden* because it is "dreamy and complicated" and he likes complicated things. He particularly likes Colin because Colin changes during the course of the play: "from mean to nice".

Don't miss the opportunity to see these fine young actors as they tackle their respective roles. Tickets are available at the John Elliott Theatre box office, or by calling 877-3700.

Show dates and times are May 1-3 and May 8-10 at 8 p.m. and May 4 and May 10 at 2 p.m.

Please call (905) 257-3688 today, to register for this course. All candidates must have a completed career action plan.

TAX TALK

A PUBLIC SERVICE OF H&R BLOCK

Q. Last year, I took two one-day courses at a local community college. Each cost \$75. I was told that I cannot claim them because tuition fees must be over \$100. Is this correct?

A. It is true that you cannot claim tuition fees unless they exceed \$100, but this applies to the total fees paid to the same institution, not to each individual fee. Because your total tuition fees add up to \$150, you are allowed to claim them. However, if you paid \$75 to each of two different institutions, you would not be able to do so.
