CUBA NOW, HAITI SOON!

MANY CANADIANS HAVE VACATIONED IN CUBA over the past few years with a variety of responses shared about the experiences. Most have travelled there on all-inclusive charters, and have enjoyed the people, the sites, and especially their fabulous weather & beaches. Over 1.2 million visitors made their way to the island, only miles off the south west coast of Florida, with Canadians & Europeans accounting for most. OVER THE NEXT FEW YEARS it is expected the relations between the United States and Cuba will get better and then the CRUISESHIPS will make it one of their prime destinations. The islands of the Caribbean expect Cuba will make a major impact on tourism when likely close to two million tourists will choose to go there to one of their 10 major shipping ports, or via flights when allowed between the two countries. Go now, before the crowds from south of the border arrive!

HAITI IS WORKING HARD TO RESTORE itself as a vacation destination after years of inner turmoil in the country. It too has good climate & good beaches, and much history for sight seeing. Typical of this is JACMEL, a community nestled between the CARIBBEAN and the mountains - a bustling, sleepy seaside capital city, about 55 miles from PORT-AU-PRINCE, which is spending millions to prepare for catering to tourists. This also includes CRUISESHIPS which are expected to include their new wharf as another new destination in the near future. More choices for you!

SPA WITH YOUR PARTNER is becoming more & more popular these days as men are joining the ladies in this stress-reducing method of relaxation. Yes, there is a growing trend for men to take better care of themselves through the use of MASSAGE, JACUZZIS, STEAMROOMS, ETC. and a vacation is a great time to enjoy the life - whether on a cruise ship, or at a resort. Couples can take a cleansing seaweed shower, then coat each other with mud (specially selected), then a soothing herbal steam bath, a warm shower, application of a blend of oils, and finally - a massage! Sounds like *The Way To Go!*, doesn't it.

???

DID YOU KNOW?: Cost of hotel rooms keep rising, - the most expensive in North America - New York City!

TRAVEL TIP OF THE WEEK: Calling long distance while away - use CANADA DIRECT, your CALLING CARD or FAX - or now E Mail, very economical!

The way to go!
