Health Dept. targets flu shots for 70 per cent of 'high risk' residents

Dr. Robert Nosal, Halton's Medical Officer of Health, is urging all seniors and others at high risk for influenza to be immunized this fall.

"Our goal is to have 70 per cent of Halton residents who are at higher risk immunized and therefore protected before the flu season starts," said Dr. Nosal. "In recent years, less than half the people who should have had a flu shot were immunized. Yet, these are the people more likely to become seriously ill and possibly require hospitalization if they get the flu."

According to Dr. Nosal, "We are working with family physicians, pharmacists and other health professionals to make sure that those who should have the vaccine know about it and know where to get it. Our message is simple—if you are at higher risk of influenza and its complica-
