OLLIE TUCHEL

OCCUPATION: Executive Director of The Chamber of Commerce
RESIDES: Halton Hills
AMBITION: To increase our membership in order to strengthen our voice.

For the past three years Anne Sidebottom has been the Executive Director of Halton Hills Chamber of Commerce, coming to the Chamber with more than 10 years experience in association management.

Association Management is a profession unto itself. Although it may not be considered entrepreneurial in that we manage the business affairs of an organization for members not operating our own businesses, we are currently entrepreneurial in the delivery of our services in order to maintain and attract new members. The members are the very essence of the organization's existence which has represented business here since 1972.

As Executive Director my job has two main functions. One is to ensure that the business affairs of the association are managed in an effective professional manner. The other is to work with the Board of Directors and our committees in

ensuring that the services provided to our members meets their needs. We endeavor to represent the business community promoting economic prosperity and sustainable development in Halton Hills. I have one full-time and one part-time staff who assist in the day to day operations of the Chamber.

Currently we have over 460 businesses as members, from which a volunteer Board of Directors is elected and various teams of active members assist in delivering our various programs and services. I very much enjoy working with the variety of business people in Halton Hills and anticipate each day's challenges and rewards in serving our business community.
