DEREK HAZELWOOD

OCCUPATION: Auto Glass
RESIDES: Georgetown
AMBITION: To provide honest, good old fashion service to each and every customer.

Apple Auto Glass is celebrating its 15th year in business at 345 Guelph St., Georgetown. Entrepreneur Derek Hazelwood started his business career early, opening the franchise when he was only 19 years old. But at the young age he had plenty of experience - his family has been involved for more than 45 years in the auto glass industry.

Customers are Hazelwood's primary focus. "We want to try to educate the consumer on the need for a safe factory replacement of their auto glass," he explained. They also do more than just windshield work, they have truck accessories such as California lids, truck caps and molded running boards, all automotive requirements and upholstery repairs. They also have information about buying your comprehensive deductible down if you need it. His concern, many products, and his emphasis on customer satisfaction keeps his clients happy.

"We really believe in doing business locally and we hope this idea rubs off on our customers," says Hazelwood. He extends this idea to his company's participation in community activities by supporting teams, local charities and businesses. Joining him in the relaxed and friendly shop is a competent staff that has been with him since the business started, manager Rick Fitzpatrick, and assistant Ryan Lima.
