## Forming a concept

Carol Anne Michaelson of Clay Concepts demonstrated on her potter's wheel and allowed visitors a chance to try their hand at it, as artists at Williams Mill in Glen Williams held an open house last weekend highlighting the numerous arts and crafts available. Williams Mills' fall festival, Behind the Mask, continues until Sunday, Nov. 22. The event's theme of disguise and concealment will be portrayed in many artistic media.

## ANXIETY & PANIC

Six years ago, Mike Glugosh was a hostage to his own fears. Constantly worried about his own health and his own state of mind, he found himself wanting to avoid situations that made him feel anxious such as being alone, going to work and socializing. In time Mike realized he was not alone in his suffering. Anxiety disorder is the number one emotional problem in our country today.

Mike will share the story of his recovery and provide coping skills at a seminar open to the public in your area.

Symptoms of anxiety, panic and depression include heart palpitations, chest pains, dizziness, stomach problems, bewildered & spaced out feelings, confusion, shortness of breath, scary thoughts, trembling or shaking, and nervous or panicky feelings, feeling

helpless and hopeless, loss of appetite, excessively tired and easily prone to guilt.

Generally people fear what Mike calls, "losing control," having heart attack, embarrassing themselves, or losing their minds.

The Midwest Center For Stress and Anxiety, with whom Mike works, has done stress and anxiety seminars for companies such as Chrysler, AT&T, and MacDonald's. They have also been featured on OPRAH, REGIS and KATHY LEE and many other well know programs.

If you cannot attend, please call 1-800-318-7766 for information.

The Midwest Center specializes in programs for anxiety, panic and depression.
