

What You Said

'Should the Canadian government have been involved in getting convicted kidnappers David Spencer and Christine Lamont returned to Canada from Brazil?'

George Miehm,
retired,
Georgetown

"If you did it, there you are. I think there should be some leniency for international considerations. If you did the crime, you do the time."

Michael Baron,
real estate,
Georgetown

"I agree with that. I think they have a right to be punished here because they're Canadian citizens. They would have a better chance for rehabilitation here. From a human rights point of view, it's better."

Diane Costa,
sales,
Georgetown

"Yes. If they lived here, they had the right to come back. I think it's good how the government fought to bring them back to their homeland."

Sue Marquardt,
stay at home
mom,
Rockwood

"No. I think they should be reprimanded in Brazil. If somebody from somewhere else comes to this country, they should be punished here."
