Where design meets master quality.

Close your eyes and picture yourself in this superbly designed home nestled on a comfortable lot with walkout basement. Enjoy your wonderful kitchen with large, rounded breakfast room, an elegant single exterior French door opens to a finished deck overlooking Georgetown South Park. Relax in the well appointed family room with cozy gas fireplace . . . lots of room for everyone. Oh yes!! There is a separate dining room (which boasts coffered ceilings) for the lady who loves to entertain. After dinner retreat to the formal living room for friendly conversation. The solid oak staircase leads to the large master bedroom with a rounded sun-filled sitting area. The ensuite is complete with shower stall and oval tub. 3 more spacious airy bedrooms complete this lovely plan plus, of course, the main washroom. No standing in line here!! All this plus a walkout?? Enjoy casual entertaining in your future ground level rec room. Walkout from your basement to your back yard?? Wow!! The potential for finished living space is incredible. Only 9 lots are left and only 1 with the walkout. Sit down with the builder and discuss what you want. Trimark follows the custom approach, meaning "We build what you want." I'll put the coffee on!!
