REAL ESTATE FACTS YOU SHOULD KNOW!

Q: We are considering selling our home OR purchasing a home, what should we do first?
A: First thing is contact your Real Estate Representative. The Representative can assist you with all the information you need to know to proceed, especially the initial calculations regarding your financial situation. Your Representative will review the real estate process and if you are selling, provide you with an evaluation of your home. If purchasing we will discuss listings in your chosen area. We will then advise you to meet with your financial provider (i.e. bank or trust company), or you can choose from several providers we can suggest. Information required would be proof of employment and term, salary and any debt(s). This meeting will establish the pre-approved mortgage amount. You are now ready to enter the real estate market.
