

April 25 in the Gallery

Sundays at 3 continues with Broadway performers

Arts Alive presents the final concert in its free Sunday concert series called Sundays at Three. On Sunday, April 25 at 3 p.m. tenor Frank King and pianist Jim Campbell will present The Hills Are Alive, a collection of popular Broadway show tunes and light opera.

Campbell began playing the piano on stage at age 15 in his native Scotland. In 1951 he came to Canada where he continued with his music on a part-time basis. For the past 10 years Campbell has been busy playing piano in the Toronto area, as well as performing with longtime friend, Frank King.

King studied voice at the Royal Scottish Academy of Music in Glasgow. Upon moving to Canada he continued his studies at the Royal Conservatory of Music. King has sung with the Canadian Opera Company, and has a long list of musical theatre and concert credits.

Campbell and King have made numerous appearances at Roy Thomson Hall for the Seniors' Jubilee, and often entertain in the

Atrium of Princess Margaret Hospital for producer Jackie Rae (Spitfire Band).

This is the fourth and last concert for the season. Arts Alive is hoping to continue the series next

season if public support continues. Sundays at Three concerts are held at the Halton Hills Cultural Centre Library gallery. Doors open at 2:30 p.m. There is no cost to attend this concert.

Jim Campbell and Frank King perform Sunday.

Tooth Chatter

by
ALEX TRENTON
DENTURIST

WE BUILD BEAUTIFUL SMILES!

A removable partial denture is held in place by clasps that attach to neighbouring natural teeth. It replaces one or several teeth which may have been lost to gum disease.

Complete dentures (or full dentures) replace all natural teeth when there has been severe gum disease or other problems. It's very important to care for replacements for missing teeth, just as you would have your own natural teeth.

Clean dentures regularly. Plaque and tartar build up on dentures as easily as they do on natural teeth. Unless removed from your dentures, plaque and tartar can spread to your natural teeth and gums.

If you have any questions or concerns regarding your dentures, give us a call.

Remember, you do not need a referral, simply call our office direct.

We've been creating confident smiles since 1982!
