

Workshop to provide gardening, landscaping tips

Spring is here, which means it's time to dust off the pruning shears, grab a shovel and do some gardening!

Whether your gardening ambitions include a major landscaping project or a small wildflower garden, plan to attend Bringing Nature into Your Space, a landscape naturalization workshop being presented by the Town of Halton Hills Advisory Committee (TEAC).

Local experts will be teaching methods on how to attract butterflies and birds to your garden, how to use native plants to enhance your surroundings, and other

ways to promote a healthy environment.

Topics covered in the seminar will include landscape design using trees, shrubs and wildflowers, water gardening and pond construction, wildflowers and herbs in your garden, composting, and how to attract birds and butterflies to your backyard.

The workshop will take place Sunday, May 2 at St. Paul's Anglican Church Parish Hall, 14 Adamson Street in Norval. It will run from noon to 4 p.m., followed by an optional walk through Willow Park.

Admission is \$15 per person, which includes registration and refreshments.

The workshop is being sponsored by Subway, Tim Hortons, Georgetown Fruit Market, Food Basics and Putzer Hornby Nursery.

To register for this event, send your name, address, phone number and the number of attendees to the Town of Halton Hills, Clerks Department, P.O. Box 128, 1 Halton Hills Drive, Georgetown, Ontario, L7G 5G2. Make all cheques payable to the Town of Halton Hills. All proceeds raised will be donated to the Willow Park Ecology Centre.

Register early as space is limited. For more information, please contact Angela Brooks, 877-5358.
