## Bells to ring for FAS awareness

Church bells will be ringing in Halton Hills at 9:09 a.m. tomorrow (Thursday) to raise awareness for Fetal Alcohol Syndrome (FAS).

The ringing of the bells is part of a world-wide effort to make people more aware of FAS, which is caused by a mother drinking during pregnancy. It is estimated FAS affects one in 500 children.

FAS causes facial and internal organ deformities, vision and hearing impairments, curvature of the spine and speech, language, learning and psychological disorders.

"It's totally preventable," said Shiona Watson, whose three-year-old adopted son Michael suffers from FAS. "Another child never needs to be born with FAS."

Watson, said if anyone has been drinking during their pregnancy, they can limit the damage by not drinking. For more information on FAS, call Watson at 853-3256.
