

## The dog days of summer

Antoinette Peeters of Georgetown had to laugh when she received a letter from the Town of Halton Hills stating she may be harboring an unlicensed dog at her home that needed to be licensed by August 30. She doesn't have a real dog but does have a life-like ceramic boxer that sits on her front porch for most of the year. She figured that could be the dog the town is referring to, but it turns out the town sent the letter because, while doing an inventory of dogs in town last summer, town staff saw a leash on her property.
