

# Local girls win titles in neighboring communities

Two local girls recently won competitions in neighboring communities.

Carrie Roberts, 17, of RR 2 Georgetown, was recently named the 1999 Milton Fair Ambassador and Amanda

Brander, 18, of Cheltenham, was crowned Queen of the Furrow at the recent Peel-Dufferin Plowing Match.

Milton District High School student Roberts, an active member of Halton 4-H and

Junior Farmers, has played for the Milton Mustangs in basketball and volleyball and has achieved the honor roll for the past three years.

She has been a member of the junior and senior concert

bands at her high school and is involved in the newly-offered Chris Hadfield project.

Roberts has represented Halton in the 4-H Go For the Gold Team for the past four

years.

She will be at the Milton Fall Fair this weekend and will represent the Halton Agricultural Society at the CNE Ambassador of the Fairs Competition next year.

Brander won the Queen of the Furrow competition on the basis of plowing ability, a three minute speech, small quiz and an interview with the judges.

She will compete in the provincial plowing competition next year.

**ALEX TRENTON**  
 DENTURIST

### DENTURES AND YOU

Today, despite great advances in dentistry, there are still a large number of people, wearing full or partial dentures. In fact, today, more than five million Canadian adults are wearing dentures. That is more than one out of every four people in Canada. So wearing dentures is really quite common. And when approached with a positive attitude, denture can become as natural as putting on your shoes in the morning and taking them off at night.

The mouth is one of the most important areas of your body, but often neglected when dentures are or should be worn. Your dentures should be checked yearly to prevent serious health condition such as oral cancer, digestive disorders, headaches, and hearing problems. Because your gums are constantly shrinking, overclosing jaws can be the cause of many problems. Self help products, such as drug store liners are not only temporary solutions, but more importantly can be hazardous to your health and should not be used.

The supporting bone and tissue in your mouth needs regular rest from your dentures. You should take your dentures out every day for a brief time, preferably over night. Brush your gums and tongue with a soft toothbrush, to generate blood flow into the area and to remove residual food particles. You should rinse your mouth as well. Plain water, mouthwash or salt water can be used. Salt water is not recommended for low sodium diets or for people who are avoiding salt for health reasons.

You do not need a referral, simply call our office direct.
