

*Santa coming
to town on
Saturday*

Santa Claus is coming to town a little later this year but there's no doubt his young admirers think it's worth the wait.

The annual Georgetown Lions Club Santa Claus parade will make its way through town this Saturday beginning at 1:30 p.m. The parade is being held a week later than usual. Organizer John Holland said the change was made so that it would not conflict with Remembrance Day ceremonies and to

accommodate bands that wanted to participate.

The approximately 70 entries will start from Sinclair Ave, making their way down Guelph St. to Mill St., where they will turn left. The parade will follow Mill St. to Charles St., where it will again turn left and follow Charles to the Georgetown Fairgrounds. It should take the parade an hour to 90 minutes to pass a point along the route.

Seven bands will be taking part,

including the Acton Citizens' Band, the Oakville Shriners, the Guelph Sea Cadets, the Arthur District High School Band, the Georgetown Pipe Band, the Georgetown Air Cadets and the Black Forest Air Cadets.

Organizers have asked that the crowds stay back to give the parade room to go by. There will be no parking on Mill St. between 1-4 p.m.

DENTURIST**

THE MISINFORMATION PROBLEM

Despite the widespread publicity that attended the efforts of Denturists to secure the passage of legislation that would allow us to deal directly with the public, many people in Ontario are still not aware of what a Denturist is or what services we provide.

Since 1970 and particularly since 1974, when the Ontario Legislature passed the "Denture Therapist Act, 1974" many Ontario citizens have directly availed themselves of the services provided by denturists.

"DENTURIST"

Compounding the problem of public confusion is the fact that when the Provincial Government finally enacted legislation, they described the services provided by Denturists as "denture therapy" and designated the new dental health worker as a "denture therapist." While all members of the Denturist Association of Ontario are licensed "Denturist" we often use the name "Denture Therapist" because of its familiarity to the public. In addition, like other professions, advertising practices are restricted. Although less-known than other professions, denturists have never the less provided an important health service to the people of Ontario. Not only does the denturist provide a full range of denture services directly to the patient, but he provides this service at a cost that makes wearing dentures possible for many who could not otherwise afford them. There are currently nine provinces and one territory in Canada where this service is possible. Besides Ontario, denturists in British Columbia, Alberta, Saskatchewan, Manitoba, Quebec, New Brunswick, Nova Scotia, Newfoundland and the Yukon Territory also have the same right to serve the general public.

You do not need a referral; simply call our office direct.
