Local company supports United Way

Cooper Standard Automotive (formerly Standard Products) gave the United Way of Halton Hills a boost. The company raised \$3,313 through payroll deductions, pledges and other fund-raising activities. On hand for the presentation were (from left) Wanda Rowsell, representing CAW Local 876, human re-

sources manager Colin Stewart, plant manager John Warne, United Way of Halton Hills campaign chair David Ashbee and UW executive director Brenda Smith. The United Way is encouraging other companies to become involved in fund-raising through payroll deductions.

PERMANENT DENTURE "NAME INSERT"

You may want to consider getting your name permanently inserted in your dentures if:

1. You are going into the hospital for a short period of time and must remove your dentures.
2. You live in a nursing home/senior residence where there's a chance your dentures might become lost or mixed up with someone else's.
3. You are staying in the hospital for an extended length of time.
4. You are prone to mislaying or losing your dentures in public places.
5. In the case of emergency, you want to be more easily identified if you don't regularly carry identification.

Name inserts can be installed for a very minimal charge, and can be done in an hour or less. They are put on the inside of the denture, therefore they are not visible unless the denture is removed. You will not be able to feel it, and it is permanent and won't wash off with daily cleanings.

If you know someone who might benefit from this service, give our office a call.

You do not need a referral; simply call our office direct.
