

A POEM FOR THE PARK

A YEARN FOR THE YARD

You want to hear something cool?
We've got big plans
for our school.
Students, teachers,
we're all involved,
we won't quit 'til it's resolved.

Improve our facility for
track & field,
Safety comes first, so
we won't yield.
The quality of work to
complete our task,
the magnitude of such
forces us to ask:

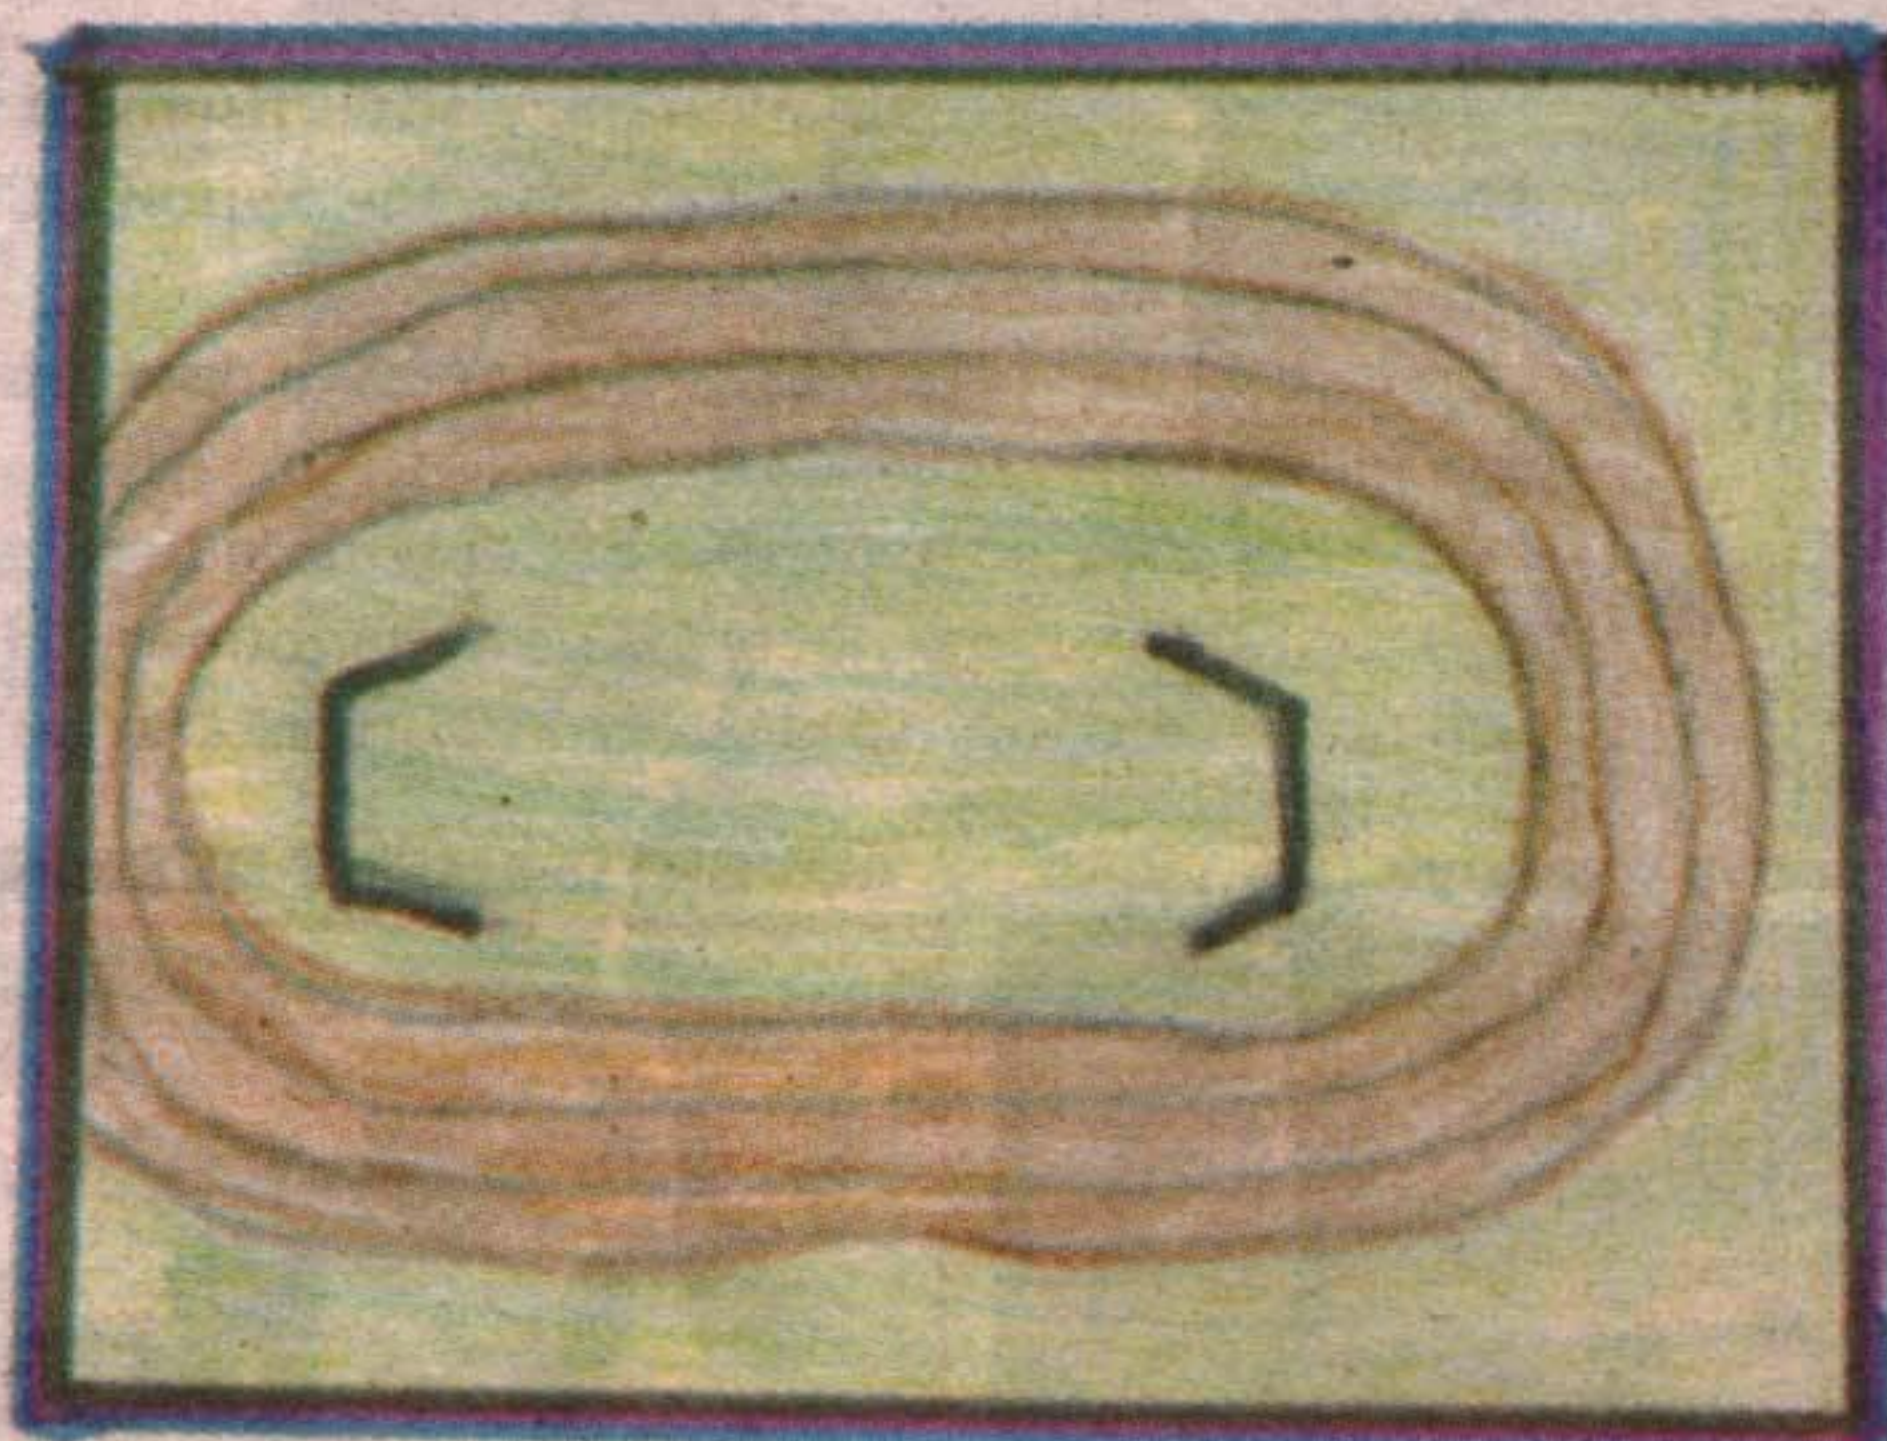

Hey Halton Hills come
to our dinner,
so many prizes, everyone's
a winner
Art, electronics, sporting
goods & wine,
certificates, apparel or golf
if you're inclined.

It's a community thing, a
really big deal
Local business support has
surely made us feel,
our project is worth while,
we know when this is through,
so many people will benefit,
our dream will have come true.

Claire Latto-Hall & Paver

See You December 10th

This will help
with safety
while kids play
games

This is what
the new field
could look like.

The whole
community
could enjoy this
new field.
