New range on Tenth Line gives golfers a place to tee off

It's no longer much of a drive to work on your drive.

Three and a half years in the making, the Georgetown Driving Range is open for business. The range, located on Tenth Line just north of River Road, can accommodate 35-45 golfers at a time.

Peter Chik and Alex Tough are the men behind the range. Though their venture for the moment is a basic range, they have plans to add new features to it in the coming years.

For the moment, the important thing was to give local golfers a chance to hit a bucket of balls and work on their swing.

Lessons are available if you're not quite sure how to get rid of that slice.

In time, Tough said bunkers will be added to help golfers work on their sand shots. There are also plans for lights, sheltered areas, equipment sales and greens to be used as targets.

"We want it to look like a golf course rather than a driving range," Tough said.

A small bucket of balls costs \$5 while the price is \$8 for a large bucket. Group rates and seasonal discounts are available.

ABOUT OUR CLINIC:

Since 1982, our office has been a trusted name in providing quality and integrity in the field of denture construction.

You will always receive that extra personal attention and commitment to your satisfaction.

With this individual attention, fewer dentures will end up in the bottom drawer. For many years, we have been licensed to serve you DIRECTLY. We are the only profession that spends 100% of our day specializing in the fabrication of dentures. We make new dentures, relines, repair, clean and adjust existing dentures, as well as counsel denture patients about various denture problems. We make everything from start to finish in our own lab that is located right on the premises. There is no "middle man" that can boost costs. We work directly with the patient, and every stage of denture construction is explained. Special attention is given to the type of teeth used, as well as the specific colour and shape that's right for you. The result is a custom cosmetic denture.

FREE CONSULTATIONS

Our office does not charge for consultation. If your dentures are loose, bothersome, damaged, or if you just want a check-up, don't hesitate to call our office for a free, no obligation consultation. We would be happy to discuss any concerns or questions you may have regarding your dentures.

You do not need a referral; simply call our office direct.

WE'VE BEEN CREATING CONFIDENT SMILES SINCE 1982.
