GEORGETOWN CHRYSLER JEEP NOW OPEN 24 HRS.!

That's right folks! With the recent rash of break-ins and subsequent thefts we have decided to install non-locking revolving doors just like your big shopping centers. Yup, instead of the milk and cookies we traditionally leave out for Santa and Rudolph we'll brew a fresh pot of gourmet coffee and expose our finest pizza fridge magnets so the crooks will feel as comfortable as our regular repeat clientele. The money we save on broken glass and door panels should cover the deductibles on our highly desirable inventory. OUCH! Ok my tongue is out of my cheek.

Seriously, we've been whacked pretty hard this year; to the point where it will be difficult to show a profit for a whole years work. Not good when you're asking the banks for money to bring your building into the 21st century! Furthermore, as a caring and consistent contributor to the community of Halton Hills I can tell you major crime can and will have a deep and long lasting effect on the prosperity of our town. The cops are doing everything they can so I guess my message is clear. Have you got your firearms license yet? (whoa, just kidding). Mama don't let your babies grow up to be car thieves. We have a tremendous opportunity to be positive influences in their lives. Let's make the most if it!
