

# Eight winners will be trying Chocolate Everything! recipes this weekend

The names have been drawn for *The Independent & Free Press* and Company's Coming cookbook contest.

Eight winners will receive the latest Jean Paré cookbook, *Chocolate Everything!* They are: Jean Ananthan, RR1 Georgetown; Lorna Brooks, RR1 Limehouse; Lainey Dalrymple, Georgetown; Kendra Gillmoure, Georgetown; Tena Loewen, Acton; Catherine Shepherd, RR4 Georgetown; Darlene Sutherland, Georgetown and Darlene Wood, Acton.

Most of the more than 50 entries answered the cookbook quiz correctly—but there were a few tricky answers.

A Velvet Lush is c) a scrumptious mousse-like dessert with a cakey bottom layer.

A Meringue Cloud occurs when cooks b) beat egg whites, cream of tartar and sugar until stiff and glossy.

Cooks curl chocolate c) by pouring it on a smooth surface, let it

set, then push with a scaper to form curls. The Deadly Chocolate Trifle is c) a decadent brownie and chocolate mousse dessert that's great for a crowd.

Fat-Free Chocolate Cake is c) a guilt-free treat on page 46 of *Chocolate Everything!* Ice Cream Bombé can be remembered as c) a picturesque dessert featuring strawberry and chocolate ice

cream.

The Aztecs and Mayo Indians of Mexico originally discovered chocolate and b) made a drink from cocoa beans.

Chocolate Date Cake is b) a cake recognized by its sugared nut and chocolate chip topping.

Chipper Muffins so irresistible because a) you can double the flavour by adding more chocolate chips and cocoa.

Finally, white chocolate (b) is not really chocolate at all.

Thanks for all the entries— watch for the next Company's Coming cookbook.

Are you losing your grip? Are your dentures loose, falling down, moving uncontrollably around your mouth? Have you had a "falling out?" Are you missing 1, 2 or more teeth? Not only do missing teeth look less desirable cosmetically, more importantly, spaces can cause your other natural teeth to shift position or become loose in time. Not to mention added difficulty when chewing.

"Once bitten, twice shy?" Do you have trouble biting and chewing the food you love? While dentures do have limitations, many properly fitting dentures can master even the most difficult foods. Ill-fitting dentures, or dentures that were not made properly can cause problems especially when eating.

If you are having any problems with your dentures, give our office a call. You do not need a referral. We offer no charge, no obligation consultations.
