Advance polls open

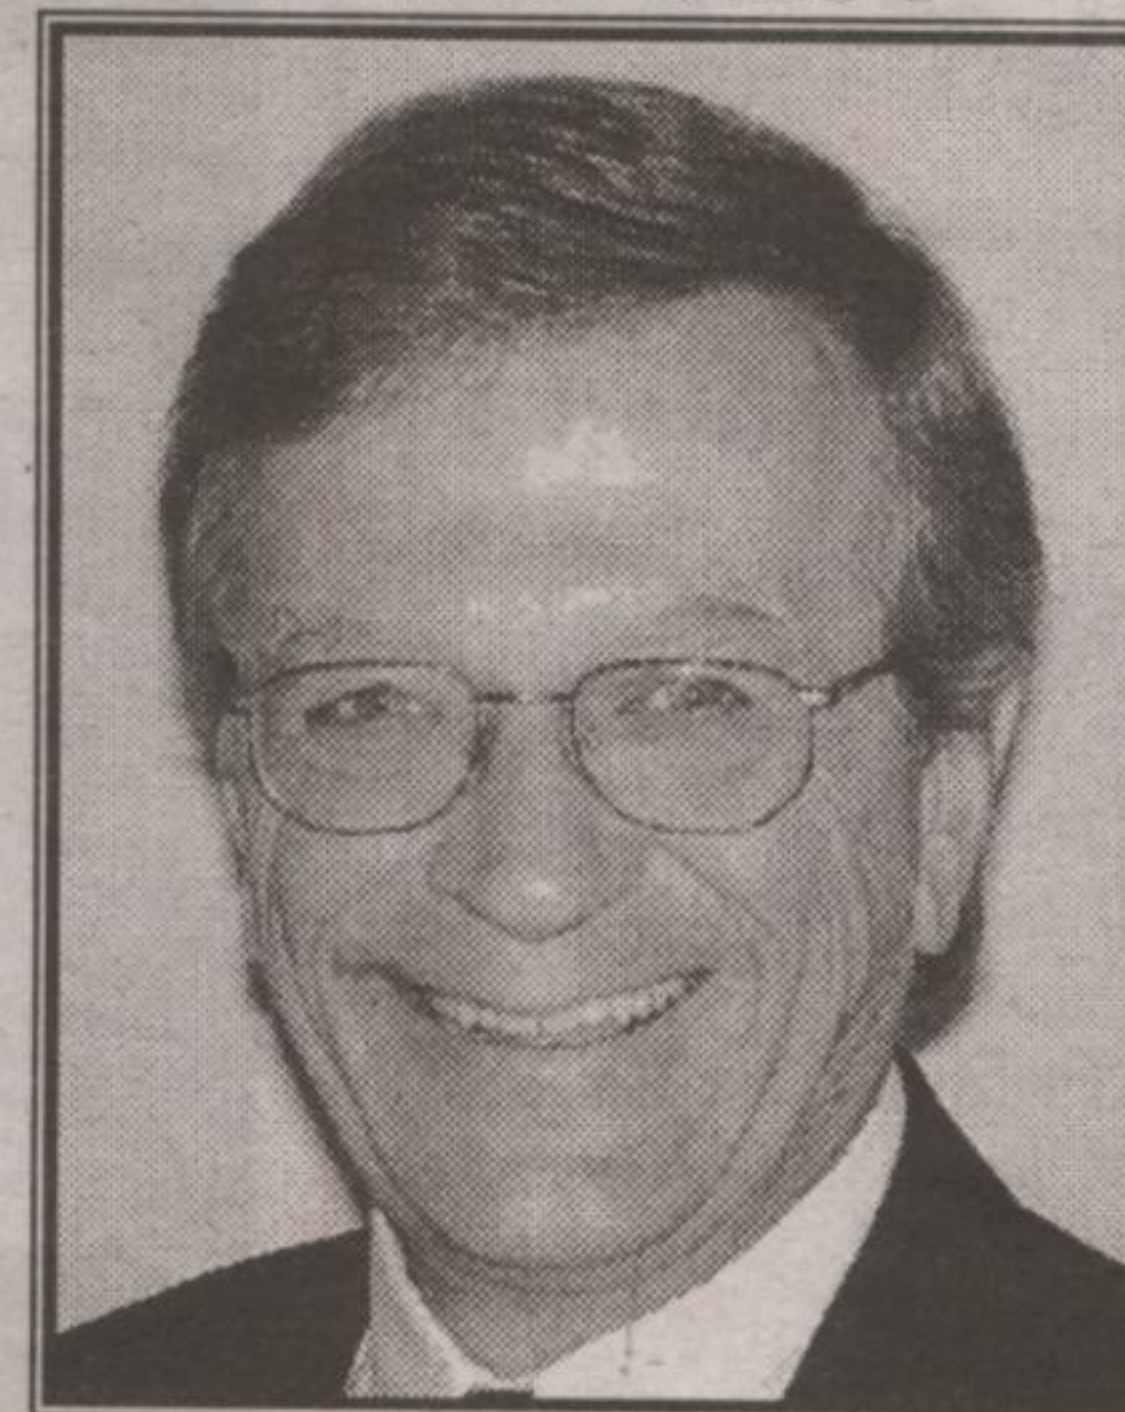

Advance polls for the Nov. 27 federal election will be held today (Friday), tomorrow (Saturday) and on Monday (Nov. 20).

The advance polls are open between noon and 8 p.m. The addresses for the advance polls are located on the back of the voter information card. Electors, who are on the voters' list, should have received their card by Monday, Nov. 13.

Anyone who did not receive a card yet— with the correct name or address, should contact the office of the returning officer: Kenneth Frey, 17 Wilson Ave., Unit 1, Milton, 876-3165 or (fax) 876-4587. Office hours are 9 a.m. to 9 p.m., Monday to Friday; Saturday, 9 a.m. to 6 p.m. and Sunday, noon to 4 p.m.

According to the Chief Electoral Officer of Canada, voters not on the list can register to vote at the advance polling station provided they bring valid identification.

A Message To Residents and Businesses In Wards 3 and 4

THANK YOU FOR THE ACCLAMATION

I want to thank you for your confidence and support in the work we began in 1997. An acclamation is both an honour as well as a distinction, and I accept it proudly. It sends me a message that you and I are on the right track.

In the 2001-2003 term, I will focus my efforts in the following areas.

Georgetown youth need a youth centre. I will be initiating discussions and begin working with youth and community agencies and organizations to make it happen.

Continuing my work with seniors will be important particularly in the area of transportation and affordable housing in our own community.

Downtown Georgetown is fast becoming a community with new life. Establishing a downtown trail, more public art, streetscape and working with an active Business Improvement Area Board will present exciting opportunities.

It has been my privilege to serve as a member of the Police Services Board and as its Vice Chairman since January, 2000. It is my intention to seek reappointment by Regional Council.

Halton Hills must be prepared to act firmly, promptly and decisively to ensure our quality of life is enhanced and conserved. The Town's Official Plan review process will provide opportunity for public input and debate over critical policies needed to guide and shape our future.

Building the new Trafalgar sports park, promoting culture and arts, and establishing transportation for seniors and youth demand that we look for new ways and partnerships to make these realities.

Traffic congestion at home and across the GTA, governance, amalgamation, environmental protection, and taxation illustrate other challenges facing municipal politicians today.

I will be volunteering to work with the Economic Development Committee of the Chamber of Commerce. It is fine to say that one is for economic development. It is another to get in there and find ways to make it happen.

I look forward to working for you, working with you and helping build a better community in the 2000-2003 term of office.
