

Acton Santa Claus Parade to begin at 1 p.m. Saturday

Santa Claus will make another visit to Halton Hills this weekend in Acton's parade in his honour.

The theme of this year's Acton Santa Claus Parade, set to begin at 1 p.m. Saturday, will be 21st Century Christmas.

The parade, which is organized by the Acton Fire Fighters Association, will feature about 25 floats. Prizes will be awarded for best floats in five categories.

The parade will also include five bands— Acton Citizens Band, Acton Typhoon Squadron 197 Band, Guelph-Ajax Band, Georgetown Pipe

Band and the Royalaires.

The parade will start from McKenzie-Smith Bennett School on Acton Blvd. It will turn right on to Queen St., following it to Young St. and then down Mill St. to Main St. The parade will turn right on Main St. and then left on Knox St. to Prospect Park.

As in the past, area children should bring their letters to Santa with them to the parade. Letter carriers from Canada Post will collect them along the route. Letters should include a return address.

Halton grads honoured for earning high marks

Nearly 100 Halton graduates have received scholarships for earning top marks at their high schools.

The Aiming for the Top tuition scholarships have been awarded by the Halton District School Board to recognize its highest-achieving students.

"These hard-working students have earned top marks and they deserve special recognition and support for their achievement," said Education Director Dusty Papke.

These scholarships were established by the Ontario Ministry of Training, Colleges and Universities. They recognize students'

achievements and help cover the cost of post secondary tuition.

The value of the scholarships is up to \$3,500 per year and students who maintain high averages can receive the award for up to four years. Eligibility for these awards is based on the information students provide on their Ontario Student Assistance Program application forms.

"The number of Halton students who received this scholarship is an indication of the high quality of education and the academic preparation they've received in Halton," noted Papke. "We're proud of each of them."

Keep matches & lighters away from children.

Children are naturally curious about fire. Always keep matches and lighters out of sight and out of reach.
