PUBLIC WORKSHOP

A Public Invitation to discuss the Future of the Hamlet of Glen Williams

Glen Williams Integrated Planning Project (Secondary Plan)
Workshop One - Foundations

The Town of Halton Hills has initiated a planning process in order to establish a long term, sustainable plan for the Hamlet of Glen Williams. To help initiate the planning process, the first of three public workshops has been planned to present preliminary information with respect to the area and obtain the views of the public with respect to issues such as environmental management, potential growth and the provision of public services.

The workshop is called "Foundations" because its purpose is to ensure that Town planning staff and the consultant project team has the right information at the beginning of the process. This includes understanding the issues from the community's perspective.

Your input will help define a vision for Glen Williams and ensure that this plan meets the needs of current and future residents and businesses.

We invite you to join us for our public workshop session, *Foundations*.

Date: Thursday, December 7, 2000
Time: 7:00 p.m. to 9:30 p.m.
Location: Halton Hills Civic Centre Council Chambers

If you have any questions regarding the Public Workshop, please contact:
