## Barragers Cleaners opens in new location

Barragers Cleaners has recently moved to a new and more modern location at 332 Guelph St.

"We felt the need for customer convenience to give them a better location and updated equipment," said Barragers owner Mani Mitera. The grand opening was held Saturday.

Barragers' other two locations have been closed and Mitera said the new store is bigger than both of those combined.

It features a bigger laundromat, 2000 sq. ft. compared to 800 sq. ft., and more than double the capacity of washers and dryers including large and super large machines.

There is also easier access, more convenient parking, a 24-hour drop off box for clothing, a drive-up service so customers don't even have to leave their car and an improved tailor shop.

Mitera said the dry cleaning area has an automated clothes carrier and over the past couple

Barragers Cleaners owner Mani Mitera, his wife Vijay, Mayor Marilyn Serjeantson and Mayor-elect Kathy Gastle cut the cake to officially mark the grand opening of the building located at 332 Guelph St.

### DO YOU NEED TO MAKE A DECISION?

If you will turn 69 years of age in 2000 and you own an RRSP, you have some financial decisions to make before December 31st.

In the 1997 Federal Budget, the age that you must convert your RRSP to a RRIF was reduced from 71 to age 69.

The options:

- Deregister the full RRSP - completely taxable in that tax year.
- Convert to an Annuity - guaranteed fixed return tax is deferred; inflexible to investment change.
- Convert to RRIF - tax deferred; flexible for future change.; many investment options

In options 2 and 3 the RRSP only has to be converted, no income actually has to be drawn until 2001.

Choosing what to convert your RRSP to is a very significant financial decision. In some cases, once you have made your decision, it is made for life. Your tax rate, other sources of income, income needs and your estate wishes are all important variables that must be reviewed in order to make an informed decision.

The point of this article is - if you or someone you know is going to be affected by this change, now is the time to start investigating the option(s) that best suit the situation.
