

Town to honour volunteers at June reception

Because so many organizations are crucially dependent upon volunteers it is fitting the United Nations has proclaimed 2001 as the International Year of the Volunteer, to recognize, support and encourage volunteerism worldwide.

As a result, on June 7, in conjunction with communities in 77 other nations around the world, we will hold a celebration at the Civic Centre to honour our volunteers who take time out of their lives to aid us all in the fields of health and social services, education, the environment, faith, the arts, sports and recreation.

I have had the privilege of meeting many unselfish volunteers, unsung heroes quietly going about the business of helping people and causes and yes, they do make a difference, an incredible difference. Without them and people like them our community—and the world—would be a vastly different place. With them we have hope and the kind of help that

THE MAYOR'S MESSAGE

Kathy Gastle

sprang up when the Cancer Society's Georgetown office closed last November.

Supporters rallied to open Cancer Assistance Services of Halton Hills, which will continue to provide support and hope for cancer patients and their families.

Two quick examples among many: Former Georgetown resident Dave Smith, a liver transplant survivor and founding member of the Hepatitis C Society of

Canada, who continues to educate Canadians about this disease, and Acton resident Pat White, who survived a brain tumour to reach and inform people through the Brain Tumour Foundation of Canada — extraordinary people making a difference.

Please take time to acknowledge and celebrate our volunteers. For information call (905) 873-2601, ext. 2342.

Meanwhile, on May 31 at Blue Springs Golf and Country Club you can enjoy a great day of golf at the Mayor's Heritage Golf Tournament and support the Heritage Foundation of Halton Hills, too.

This not-for-profit charitable foundation, with a board of volunteer directors, is dedicated to raising funds for the preservation of our man-made and natural heritage. For tournament details contact the foundation's chairman Eric Connolly at (905) 877-0739.
