Acton's Purity Life makes deal for Vita Health's distribution line

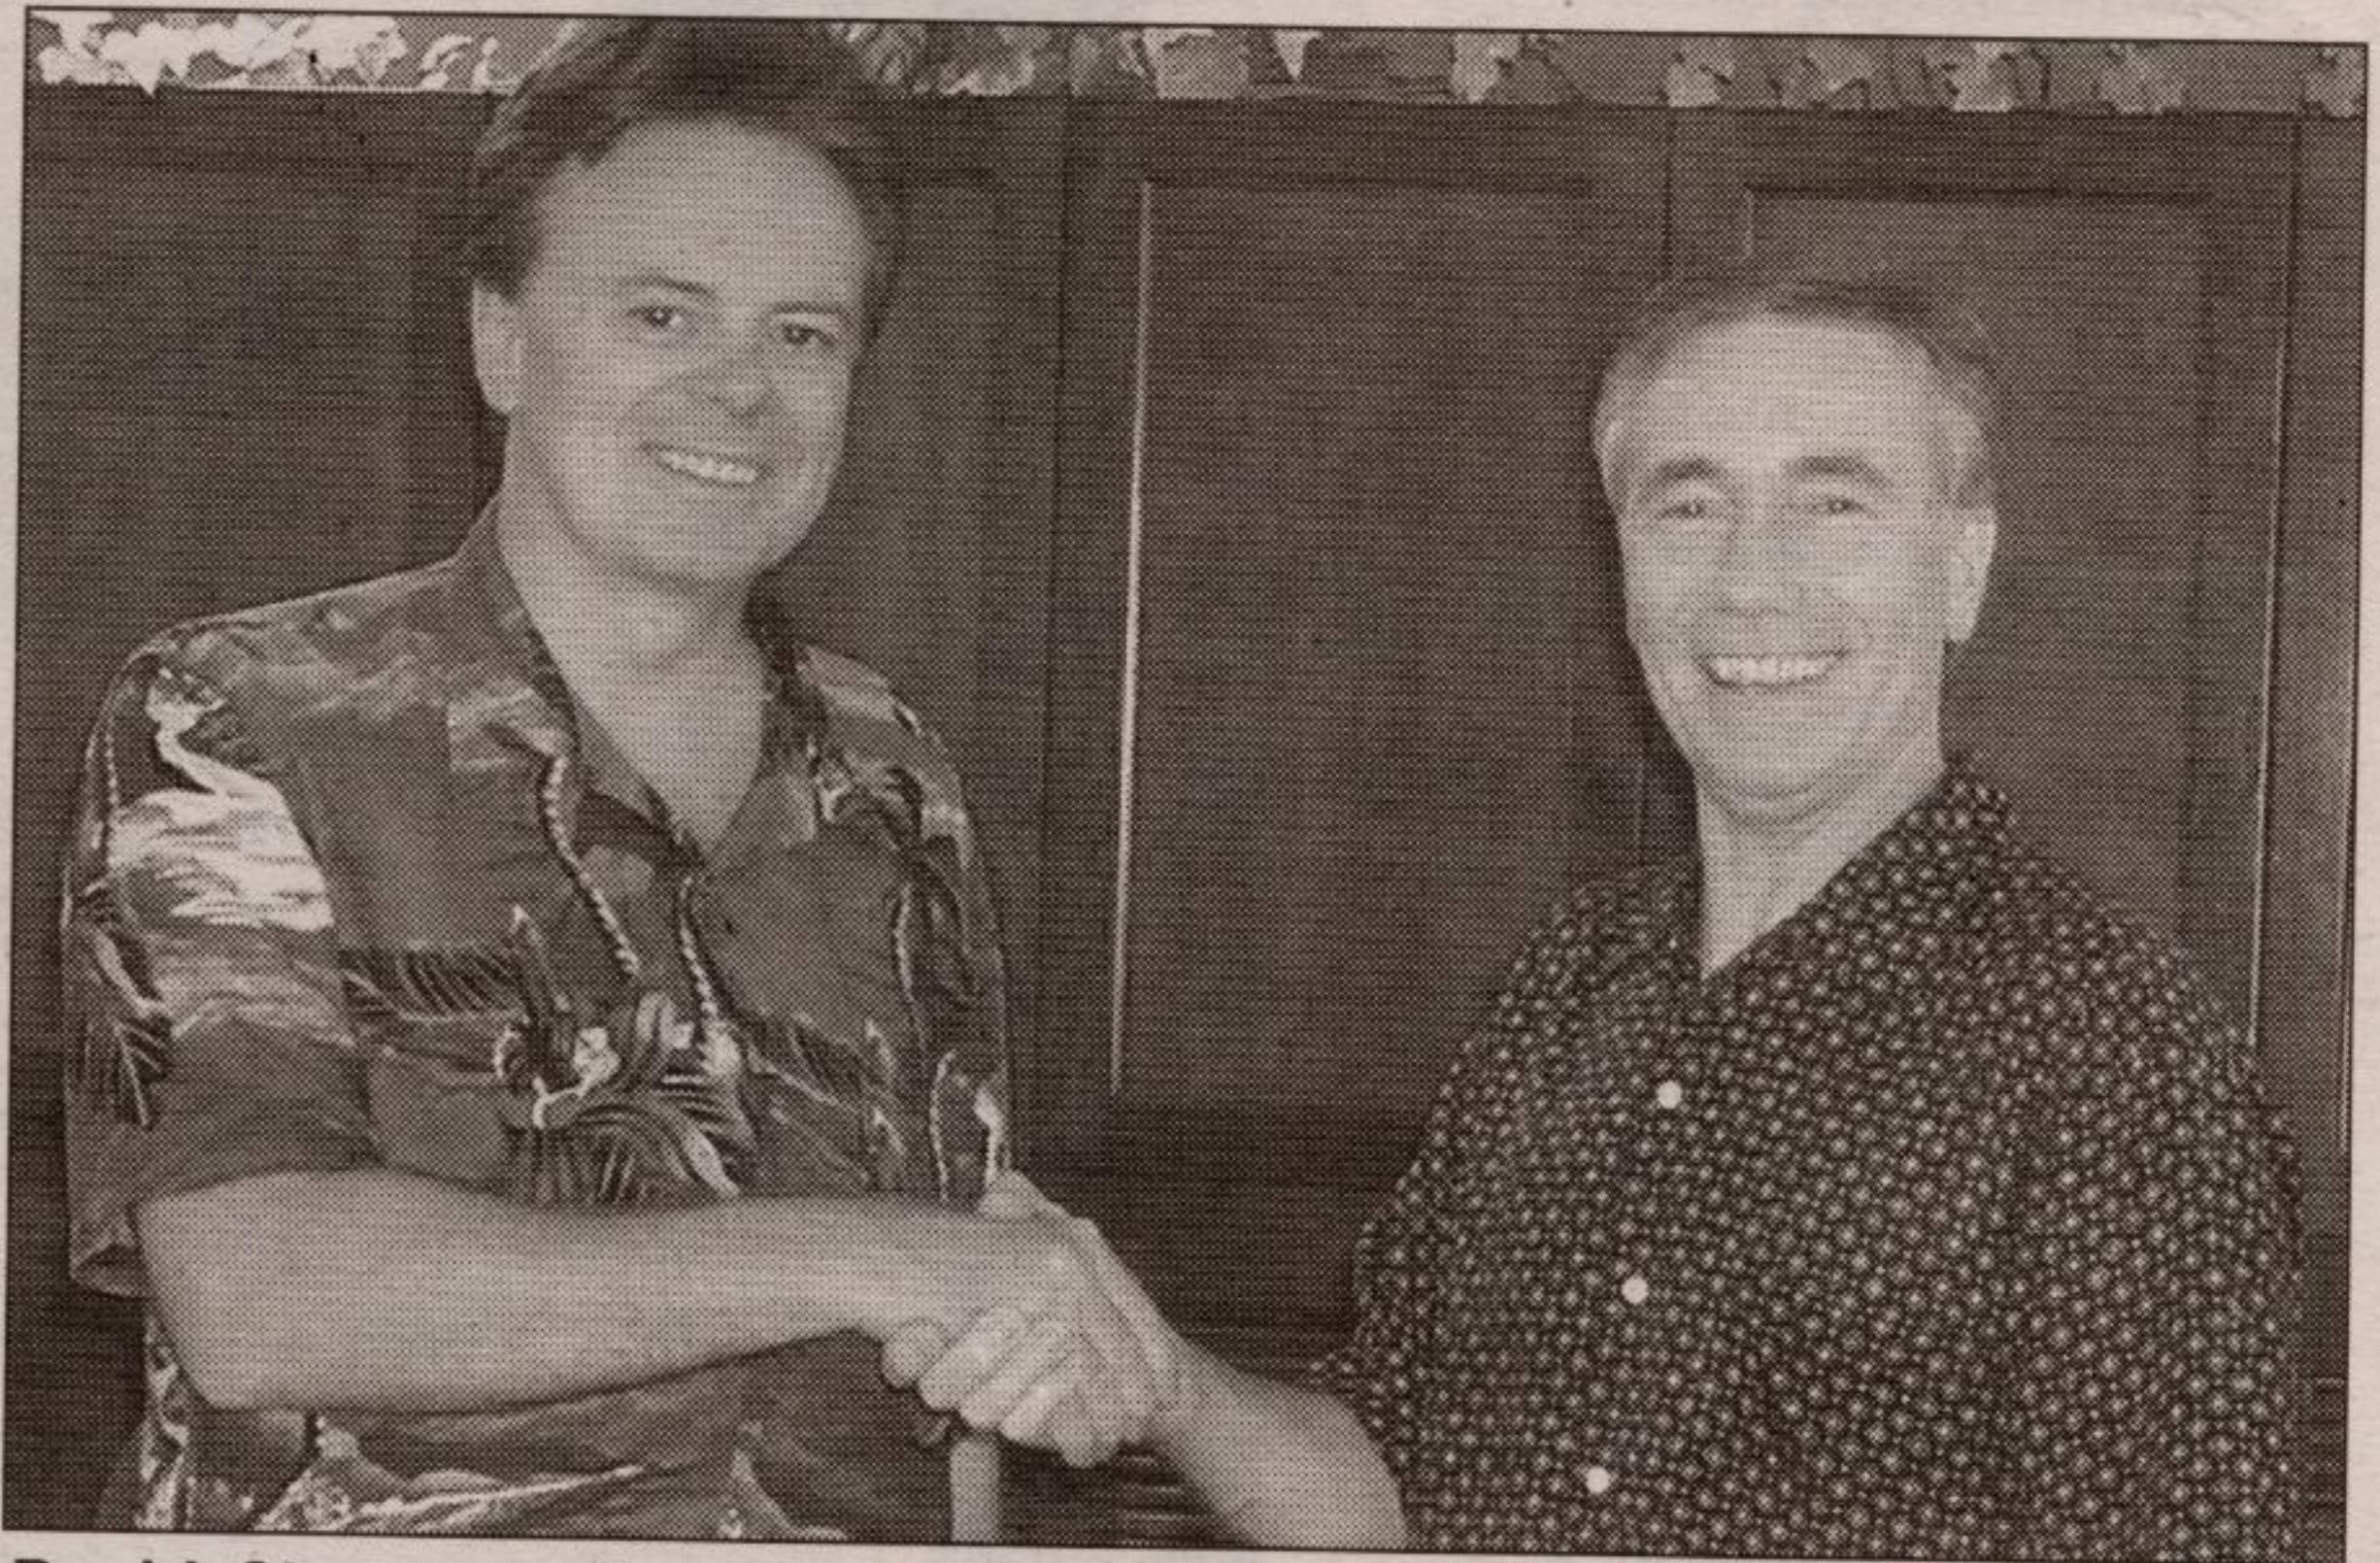

Purity Life Health Products Limited of Acton has joined forces with Vita Health Products Inc. of Winnipeg.

Purity Life, Canada's largest independent distributor of natural health products, has bought the distribution of Vita Health's line of products including Nature's Harmony brand. The deal will give both companies a stronger presence in the growing health food marketplace.

"The coming together of the Vita Health Food Division, including Nature's Harmony, with Purity Life, represents the growing maturity of our industry and will bring positive benefits to both our customers and suppliers," said Purity Life founder and president David Chapman in a media release.

An Acton resident, Chapman added he's pleased the deal may bring more jobs to local residents. The company currently employs more than 100 people, many of them living in Halton Hills and surrounding area.

"Purity Life is a successful Canadian business with an established sales force, management and distribution network in which our private label, branded and distribution business will be able to benefit from Purity Life's broad market penetration," said Vita

Vita Health, a 65-year-old company based out of Winnipeg, makes more than 500 products including Nature's Harmony, a premium brand of vitamins, minerals, herbs and specialty supplements sold exclusively to health food retailers.
