

Traffic light problem at intersection fixed

The software controller has been replaced for the traffic lights at the intersection of Mountainview Rd. (Ninth Line) and 10 Sideroad to eliminate frequent flashing yellow/red lights.

In recent months, the lights would sometimes begin to flash

either due to the software problem or to hydro brown-outs, reported town traffic co-ordinator Bob Butrym who investigated the situation.

Resident John Naylor, who had encountered problems with other drivers when confronted by the flashing lights, told *The*

Independent & Free Press he has narrowly missed becoming involved in several accidents.

According to the Highway Traffic Act, if traffic lights do begin to flash red or yellow, drivers with the flashing yellow may proceed with caution, while those with the flashing red must stop.

McGuinty here Wednesday

Ontario Liberal Leader Dalton McGuinty will visit Georgetown Wednesday, Sept. 26.

McGuinty will hold informal one-on-one discussions with local residents at 6:30 p.m. before speaking at 7:30 p.m. at the Halton Hills Cultural Centre, 9 Church St.

The event is a fund-raiser for the provincial Liberal party. For tickets or information call Carol Lawson at 905-877-3753.

Guide to the Outdoors

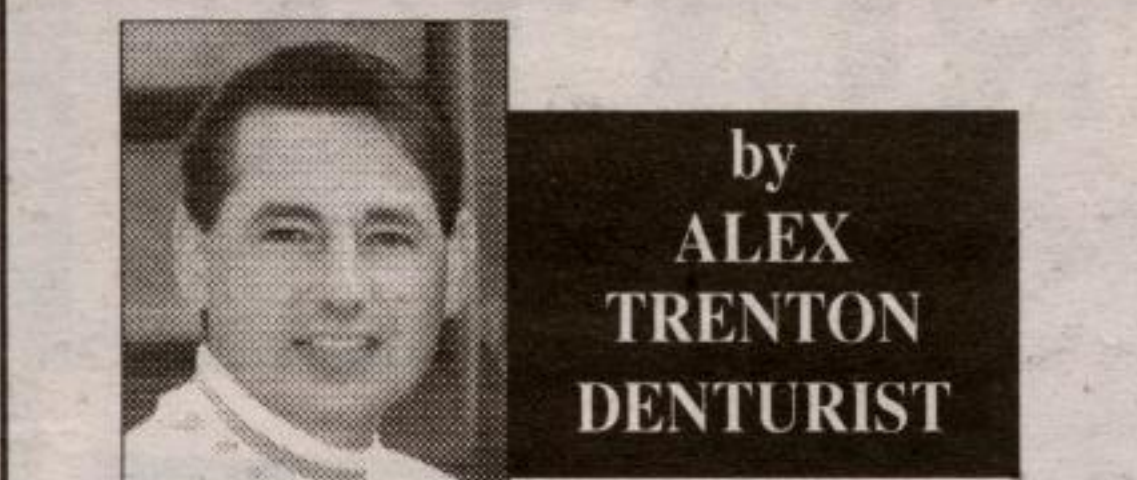

Julie Pomeroy

The Great Canadian Winter Hat for people who love the outdoors and maybe some who don't. Alex Tilley has done it again! The new Tilley hat has a pure wool outer shell treated with Teflon to repel snow, rain and stains. The interior is warm and comfy with sueded ear flaps and a tuck-away forehead warmer in virtually the most Canadian of temperatures. The hydrofil anti-sweat band has a convenient Tilley size-adjustment device. A layer of air-trapping closed cell foam has been added to the crown to give you extra insulation and even a little noggin protection. There's also a secret pocket in the crown. It sells for \$89, is guaranteed for life and insured against loss by Tilley Endurables. Could there be anything else? Yes, it floats and yes we have them.

Tooth Chatter

by ALEX TRENTON DENTURIST

FRONT TEETH ARE VERY VALUABLE!

A front tooth is worth \$309,000.00 or .12 cents, depending upon how much you figure, according to a survey by the American Association of Endodontists reported in the Chicago Tribune. The materials that go into making up the average tooth-calcium, phosphorous, water, etc. cost only about .76 cents to buy. But in a survey of 1,023 men and women taken by the association, people put a much higher value on their teeth. Nearly one-fourth of the respondents said that they wouldn't sell a tooth for anything. About 15 percent said that they'd want at least \$1 million, but the rest were not so demanding and the average asking price from the entire group came out to \$309,000.00! Wow! If you have any interesting "tooth tidbits" you would like to share with our readers, give us a call or mail it to our office. We would love to hear from you!

You do not need a referral; simply call our office direct.

Creating confident smiles since 1982.
