features

Community Living North Halton

Community Living North Halton (founded in 1955) provides supports and services to individuals (adults and children) who have an intellectual disability in Halton Hills and Milton. We offer a wide variety of services including: pre-school integration services, recreation/leisure programs, adult residential services, supported independent living, supportive employment, adult day services, advocacy and planning and respite support. We envision a society that honours and protects the innate value and equality of each one of its people without discrimination. We believe that all persons should have the right to experience the security of unquestioned inclusion in their community neighbourhoods. We believe that all persons should have an equal opportunity to maximize their quality of life, to choose their unique life course with respect and dignity, to accept the responsibility and consequences of these choices and to expect support within the resources of the community.
